Troop 24

Last Saturday troop 24 went to Camp Davidson on a weiner roast. There they met a dog. They fed him seven weiners. Then they roasted weiners for the troop members. Mrs. Matthews helped the leaders bring the Brownies. After the party they looked for the dog's puppies, and found them in a little house.

Craftspun Faces High Shoals Here Saturday

Craftspun baseball team will continue Gaston Textile Baseball league play here in City Stadium Saturday afternoon when the semi-pro nine faces High Shoals in a game billed to get underway at 3:30 p. m.

The Kings Mountain team was scheduled to face Algodon in Bessemer City Thursday (May 12) afternoon.

Rayfield-Stewart nine from Gastonia defeated Craftspun in the opening game here last Saturday night.

Manager Olland Pearson announced this week addition of Righthanded Pitcher Gus Hartsoe to the team roster. Bob Wells, hard-hitting outfielder, is also expected to sign soon.

James R. Barrett In Navy For Year

James Richard Barrett of Kings Mountain has been accepted by the U. S. Navy for a one-year enlistment, it was announced by Chief Fred W. Jordan. That upon completion of this service Richard may go into the organized naval reserve, or enlist in the regular navy. It was further announced that a recruiter from the Spartanburg Navy Recruiting Station will visit the Kings Mountain post office every Thursday morning from 10 a. m. to 12 a. m. to interview prospective recruits for enlistment in the U. S. Navy.

Graham For Road Bonds

Joseph Graham, newly appointed highway commissioner for the ninth division, urged support of the road and school bonds to be offered in the special election of June 4th in a letter received by the Herald Tuesday.

Mr. Graham, Iron Station farmer, wrote the Herald commenting on an editorial note on his appointment and added a statement supporting the bond vote.

The letter read:

"Thank you for your notice in your paper of my appointment as Highway Commissioner of the ninth division. I will need your help and cooperation and am counting on you. I truly hope I may render a valuable service to the people in the way of a revised system of road building and I am all out to do just that.

"To me the bond issues which come up on June 4th are the most important since the war between the states and I solicit your valued support for them. If we miss this chance, we will be forty years getting out of the mud and also in improving our schools . . ."

City Shoe Service Adds Up-holstering

City Shoe Service this week is announcing addition of an up-holstery service.

Ted Hord, manager, made the announcement of the additional service offered Kings Mountain area patrons. The firm now offers, in addition to shoe repair, awning service and a complete line of leather goods. "We are happy to announce addition of up-holstery to our services offered the public at City Shoe Service. We will continue to guarantee the highest quality workmanship in our new service," Mr. Hord said.

Preliminary Plans For Hospital Approved

Preliminary plans for a 24-bed hospital for Kings Mountain were approved by the county hospital board of trustees at a meeting on Monday.

The plans call for a one-story brick structure on the site already purchased and will include all necessary operating rooms, laboratory, kitchen and executive offices.

Still to be obtained is approval of the plans by state and federal agencies — if the county is to obtain supplementary funds for its construction. R. T. LeGrande, Jr., Shelby member of the board told the Herald Tuesday.

Available funds for construction of a hospital here total about \$200,000, including amount available from the county's hospital bond issue, a bequest of the late Miss Lottie Georh, and private contributions.

More About Elected Officials

(Cont'd from front page) coming boards turned into a love feast, with members of the new board pledging their best efforts to serve the whole community and commending the retiring board for doing a good job of administering the city's business during the past two years.

Prior to administration the oath of office to Mayor Herndon, Mr. Fulton stated appreciation to the members of the retiring board for their cooperation and hard work. He pointed out that his administration had been able to render improved services, add some capital equipment, and operate the largest budget in history without any increase in the city's tax rate.

"I hope the members of the new board will feel free to call on me for any help I might be at any time. I pledge to the new board and new mayor my full cooperation," he concluded.

After taking the oath of office, Mayor Herndon said, "I pledge my best efforts to support the people in the right things at all times. I recognize that I am undertaking a hard task, I pledge to do my best, and I shall endeavor to cooperate with all citizens of the community."

All the members of the new board made short talks, and Mayor Herndon, Commissioners Mauney and Patterson called attention to the defeat of the bond issue proposals and recognized the need for funds for capital improvements for certain critical needs.

On suggestion of Mr. Mauney, the board invited the press to attend its sessions.

On motion of Mr. Bridges, the board adjourned at 11:30.

Books Again Open For Bond Election

County registration books will be open again Saturday for the June 4 special bond election.

Persons not now registered on the county books will have to accomplish registration in order to vote on the questions as to whether the state shall (1) borrow \$200,000,000 for rural road building and concurrently increase the state gasoline tax by one cent, and (2) whether the state shall borrow \$25,000,000 to aid the counties in construction of school buildings.

The issues will be decided by the majority of the votes cast.

Kings Mountain polling precincts are: East Kings Mountain at City Hall, and West Kings Mountain at Victory Chevrolet Company.

Seekers After Perfection

To eliminate or reduce the frequency of neps, those little snarled-up bits of cotton fiber which destroy the even texture of a fabric, researchers at North Carolina State School of Textiles have perfected a gadget that permits them to calculate quickly and with remarkable accuracy the number of neps in the web as it comes out of a carding machine. They hope to determine proper speed and setting of textile machines to reduce nep frequency, which often results because the fiber is immature. Above Professor John F. Bogdan (center) of the school's research department discussed a phase of the project with C. M. Asbill, Jr., (left) research engineer, and Peter Bachmger, technician.

THANK YOU, Very Much

I wish to thank the people of Kings Mountain for the fine vote given me in Tuesday's election.

I appreciate this vote of confidence very much and shall do my best to serve as a city commissioner to the best of my ability.
