 service.

Milk production per cow in North Carolina last year amounted to 4,330 pounds, an increase of 70 pounds per cow over production for 1947.

One of the strongly emphasized goals of the Research and Marketing Act is the development of a more efficient system for distributing agricultural products.

During the week ending May 7, broiler chick placements in the Chatham area totaled 226,000, a decline of 11 per cent from placements for the previous week.

North Carolina will send four delegates — two boys and two girls — to the National 4-H Club Camp in Washington, D. C., June 15-22.
