**It Pays to Fight**  
Everybody loves a fighter. For that reason, the popularity of Harry S. Truman is running pretty high at this time. All the pollsters, all the mislead, have had their say: President Truman was the man who wouldn't be licked! Mr. Truman was apparently the only candidate who really took the opinion polls to heart. While the general public was being lulled to sleep by everybody's opinion as to the outcome of the election, Candidate Truman got in there and fought.

**An American Ideal**  
Preferences for candidates in the voting on November 2 were not the same as reported by the poll takers before election. What happened? My guess is this: a larger percentage of those who favored a fighting man went out to vote than was the case with those favoring the non-fighter, who thought he would be elected anyhow. In other words, the opinion polls were interpreted by each candidate—by Mr. Truman in a way that helped elect Mr. Truman and by Mr. Dewey in a way that defeated Mr. Dewey.

The important thing is that the fighting man won. This is an old American principle. The man who works the hardest, who never-says-die, is favored in the struggle for success. Our nation has been built by heroes, sung and unsung, who lived by that rule. May I submit that in these critical times, it will not be possible for America to keep her traditional place as the most favored of lands, unless Americans are willing to take up the fight.

**Fight or Die**  
Why has America more national income than any other six nations you can name? Why do more American youth have a chance to go to high school and college than go in all the rest of the world put together? Why do American workers have the highest wages in all the world? Here are some of the reasons: we have the right to own property, to operate our own businesses and compete with each other, to invest capital in industrial tools.

Moreover, we Americans can work at the job we like, wherever we like, with equal justice for all. If we keep these liberties, preserve constitutional government, and maintain freedom of individual opportunity, it will be possible for us to double our wages and standards of living, as we did during the last generation. If we turn to government management and thus kill our incentives, we can expect wages and living standards to go down 50 per cent below the present level.

**Stakes Are High**  
Step by step America is being pushed in that direction. A few more steps, and we may find ourselves under such pressure that we cannot avoid socialism, and the communism that follows it. Our people must understand these facts. More important, we must be active in preserving the fundamentals of our American way of life.

The price is still "eternal vigilance." Are we willing to fight valiantly by every means: platform, radio, press, screen, and conversation — to preserve America's freedoms? If so, we can keep our freedoms. Otherwise, they will pass away, as from Greece and Rome. It takes a valiant heart. Those who win are those who fight.

## Central Football Card Lists & Teams

Central high school football team has eight games scheduled for the 1949 season and two open dates that will probably be filled soon.

First home game will probably be a September 23 date that is now open. Coach Shu Carlton has been trying to fill the pair of open dates but couldn't get together with such teams as Belmont, Mt. Holly, Mt. Airy, and Valdese.

The schedule:

## Funeral Conducted For Bynum Mauney

Funeral services for Bynum S. Mauney, 63, uncle of George W. Mauney and Mrs. James H. Page of Kings Mountain, were conducted Wednesday morning at his home on the Fallston road, near Shelby. Burial followed in the Pleasant Grove cemetery.

Mr. Mauney, prominent farmer of the Pleasant Grove section, died Monday afternoon at Shelby hospital following an illness of 10 days. He was well-known in Kings Mountain, having spent three years here while a young man. He was a
