Patterson Grove  
By Mrs. Thurmon Scism

Are you taking advantage of every opportunity to speak a word for Christ? We have so many chances to witness in our home, schools, church, and our business etc. It makes no difference how people criticize you, always remember they did that to Christ. Everything that you are going through now, Christ went before you. It takes a real man woman, boy or girl, to rise above worldly things. If you are so busy you can't witness for Christ, speak a kind word, smile instead of frown. Have peace, not war. If you can't keep your eyes and ears open, and your mouth shut when you should have it closed, then you'd better change jobs, you're in a rut. If you listen often enough and long enough, your opinion may change from bad to worse, worse instead of

better. No one can hurt your chances more than you. Don't be little yourself by letting some one else do your thinking.

A Sunday school clinic will be held at Patterson Grove church, Oct. 28 at 7:00. All members are urged to come. We will have a guest speaker for the evening.

Mr. Hugh Falls said he liked surprises, so he never gave us the guest speakers name. So make your plans now to come out and take part in this work. Class period will last about 30 minutes. Then our assembly program follows. Visitors from other churches will be welcomed.

time, all-pro fullback Clarke Hinkle, doubt that the Clips can handle them three times in a row. No other team ever his. Representing the Weirton Independent Union, exclusive bargaining agency for 10,000 steel workers, the West Virginians have added strength since last month and are ready for revenge.

"I wouldn't say we've been lucky to beat Weirton," says Clipper Coach Gene McEver, "But certainly they have been unlucky to lose. In both games, our boys came up with one knockout play when they had to. One of these times we may not be able to do so.

Weirton has a fast and flashy offense fronted by one of the rockiest lines the Clippers have met. Their winged-T trickery is supplemented by sharpness on fundamentals of a college crew.

Tickets for the Clipper-Weirton game are on sale at the National Hat Shop, 108 S. Tryon Street, Charlotte, on a new, popular price scale. They also will be available at the stadium box offices Saturday night.

Clippers Play Saturday Night

CHARLOTTE. — Football thrillers come natural to the Charlotte Clippers and the Weirton, W. Va. Weirton, who renew their pulse-pounding pro rivalry Saturday night 8:00 p. m. o'clock in Memorial Stadium.

Carolinans fans are still talking about the clubs' first collision here last November. Weirton's steel men scored in the first minutes of play, never trailed until Butch Butler passed to Rocci Spadaccini in the waning moments for a 20-14 Clipper decision.

Then, at Weirton last month, a rematch followed almost the same pattern. The Weirtoners struck first, on a long jaunt by ex-West Virginia flash Vic Bonfill. Casey Jones passed to Ralph Jones to tie it up at the half, then late in the game the Clipp's Jim Hunnicutt intercepted a pass and ran for 40 yards, a touchdown and a 14-7 nod.

More of the same can be expected for this week. The Clippers exercised their capacity for the sensational by shading Frank Sinkwich's Erie, Pa., Vets, 16 to 14, last Sunday. They don't have to be told that they have another tough test in store.

W. C. T. C. Students Visit School

Three former students who are juniors at the Western Carolina Teachers College visited the high school Friday morning October 14. These students were Dwight Ware, and James Hullender, Physical Education majors and Biology minors; and Eddie Campbell, Social Science major and Physical Education minor. Mr. Ware graduated from Kings Mountain high school in 1947, Mr. Hullender in 1945, and Mr. Campbell in 1945.

Their visit was a part of a program of teacher training which the college is presenting. It was reported that although the high school rated high when they graduated, it has improved much and democracy is practiced more thoroughly among the students. The work of the student council was praised highly for its work during the last few years.
