Not From Santa's Bag...

The gift of good health is not to be found in Santa's bag. Rather it is to be found in the skilled hands of the highly trained scientists, at work in research laboratories. The steady progress of their knowledge, their many successes in the struggle against illness and disease, have already borne fruit in helping us all to lead longer, better, healthier lives. We for our part make available to you, through your doctor's prescription, all of their proven discoveries—all the new drugs and chemicals which do so much to help you keep your good health.
