Uncle Sam Says

Have you ever stopped to analyze the reasons why Christmas Day has such a tremendous hold on you and your family? Of course there's the real significance of the day, and the tree and family reunion, but back of these happy events is a feeling of safety and security. Safety and security are linked with financial well being, firm underpinnings for your very home. Regular systematic savings out of your income produce safety and security. The best way to save effectively is to save before you spend. You can do this very thing by signing up on Payroll Savings Plan for buying United States Savings Bonds where you work, or enrolling in the Bond-A-Month Plan where you bank if you are self-employed.
