Work To Begin On Arrival Of Materials

Construction of the Kings Mountain hospital will begin as quickly as materials are delivered or their delivery assured.

This means that the 24-bed general hospital here will be completed, or nearing completion about November 1, 1950, according to W. K. Mauney, county hospital trustess and treasurer of the Kings Mountain unit.

Mr. Mauney said Thursday morning that the policy would be to get materials on hand before construction began in order to speed the building program without delay.

All necessary defails concerning bonds of successful bidders on the contracts have been completed, he added, and the contracts call for completion of the job within . 10 months after construction is begun.

Crosland Construction Company, general contractors on the project, notified Walter W. Hook and Associates, architect, on January 2, that it was ready to begin work as quickly as the necessary materials are assembled, or their delivery assured.

The new hospital, a completely modern one story building, will be built on a tract off W. King street lying between the Kings Mountain Country Club and Blackmer and

Total cost of the construction is to be approximately \$234,000, with one-third of the amount to be furnished by the federal government, one-third by the state, and the remaining third by the county. Citizens of the county voted a \$400,000 bond issue several years ago for the building of a hospital hete and for improvements of the Shelby hospital
