

### Central "B" Boys Scrap Way Into Semi-Finals Of Newton Tournament

**SINKMEN TAKE CLOSE 32-31 WIN SATURDAY; DOWN LENOIR 42-37**

Coach Jack Sink's "Bee" boys basketball team gained a semi-finals berth in the second annual Newton Lions club junior varsity basketball tournament Saturday afternoon with a thrilling one point edge (32-31) of Catawba high school's "B" team.

Kings Mountain dumped a highly regarded Lenoir "B" team on Wednesday night (January 23) to climb out of first round play. The Sinkmen eliminated the pre-tourney favorites by 45 to 37. The Mountaineers took a 21-13 lead at the halfway mark Saturday, but allowed the Catawba Valley Conference five to close the gap and take a short lead with about three minutes to go. With Bill Briggs pumping in five points in the late stages, Kings Mountain rode out a tense final minute for the victory.

High scorers were Gene Stone, Clyde Falls and Don McCarter each with six points. Center Ronnie Layton left the game via the foul route early in the third period and Guard Clyde Falls followed a few minutes later.

A technical foul on Center Boggs in the second period may have decided the issue. Falls made one of two shots on a personal foul called on Boggs and then sank another free toss via the technical.

In the first round victory, Don McCarter paced the attack with seven goals and three free tosses for 17 points. Richard George had 8.

With the test tied at the half,

the Mountaineers stormed back with 10 points in the third canto and 15 in the finale for the victory.

The box scores:

**Saturday game**

KINGS MOUNTAIN "B" (32)		CATAWBA "B" (31)	
Players	Pos.	G	FG TP
Richard George	f	3	0 3 3 2

Score at half: Kings Mountain 20, Lenoir 20.

Officials: Gomedola Referee; Shepherd Umpire.

CAGERS SPARK FLUG—Jimmy Kimmell, above, son of Mr. and Mrs. Harry Kimmell has rounded into form quickly after joining the Kings Mountain high school basketball team on January 10.

Football injuries kept him from reporting for drills with the rest of the team early in December. Kimmell set the pace in victories over Lenoir and Cliffside.

### Seaman Tate Now With Pacific Fleet

Henry G. Tate, Jr., seaman, USN, son of Mr. and Mrs. H. G. Tate of Waco road, is now serving with Commander-in-Chief, Pacific Fleet, Flag Allowance.

He was recently interviewed at Pearl Harbor by men on the Staff of the Commander-in-Chief of the Pacific Fleet, now based at Pearl Harbor. A recording was made of the interview and sent to his parents.

### Central Cagers Split At Lenoir

With Jimmy Kimmell setting the pace via a 17 point attack, Kings Mountain high school's boys varsity edged Lenoir 52 to 46 at Lenoir last Friday night to gain a split in a Western (AA) loop bill. Lenoir's girls swamped the Mountaineerettes 62 to 37 in the opener.

"That one tall girl", as Coach Art Weiner describes the situation, contributed 39 points to the Lenoir lassies attack. Jan Melton was too much for the much shorter, inexperienced Kings Mountain guards.

Shirley Falls paced the efforts of the vastly improved Kings Mountain sextet, hitting for 15 points. Geddie Jenkins hit the nets for 12 markers.

The Mountaineers held a one-point advantage at the end of the first period in the nightcap, increased that margin by another point at the half (24-22), spurred for 17 points in the third period and held during the final eight minutes for the six-point win.

Center Fred Tate had 13 points and Johnny Kiser, who was switched to a forward post for the contest, had 10. Bobby Clark hit for 25 points to pace the losers.

In leading the Mountaineers attack, Kimmell took only 11 shots from the floor, hitting on seven for 63.6 percent accuracy. Team average was 36.5, 19 hits in 52 shots.

The box scores:

**GIRLS**

KINGS MOUNTAIN (39)		LENOIR (65)	
Players	Pos.	G	FG TP

### Dairy Course Set For Negro Farmers

The fourth annual Dairy Production Short Course for Negro farmers will be held at A. and T. College, Greensboro, February 5-8, according to R. L. Wynn, extension dairy specialist at A. and T.

A number of outstanding speakers will appear on the program, Wynn said.

Dr. F. D. Bluford, president of the college, will welcome the group Wednesday morning. W. L. Kennedy of the A. and T. staff will speak on the effects of a good feeding program on milk production. A panel discussion on the relation of dairying to other livestock enterprises will be given by A. S. Totten, Talmadge Brewer, and W. E. Alexander, all of A. and T.

On Thursday, R. G. Lytle, manager of North Carolina Milk Producers Federation, will speak on milk producers' problems and J. Lloyd Langdon, executive secretary of North Carolina Dairy Products Association, will discuss problems of processors and distributors. A talk on factors affecting the quality and flavor of milk will be given by M. L. Speck of State College.

Other State College staff members will speak during the afternoon. W. Ray Murley will discuss feeding and growing out dairy calves. J. Clark Osborne will talk on control of parasites, diseases, and J. E. Legates will discuss management and breeding for herd improvement.

Dean James H. Hilton of State College's School of Agriculture will address the evening session. S. J. Hodges and J. B. Murphy, both of A. and T., will speak Friday morning on use and management of pastures and forage crops. J. A. Aray of State College will discuss how the cost of milk production can be cut. R. E. Jones Negro State extension agent, will close the program with a talk on "A Challenge to Dairyman."

Setting out cedar seedlings for Christmas tree production has proved profitable for Jimmy Peeden, 4-H Club boy of Pine Level community, Johnston County. Jimmy planted 500 seedlings in 1948. Some 400 lived and last month had grown to a height of about five feet. Jimmy sold many of them for \$1.25 each. Practically all the money was clear profit.

AIRMAN COBB—Pfc. James W. Cobb, above, son of Mr. and Mrs. Foley P. Cobb, of York road, is now stationed at Indian Springs Air Force Base in Nevada. A graduate of Kings Mountain high school last June, Cobb was a standout baseball and football player. He enlisted in the Air Force shortly after graduation.

More eggs are coming to the market, and the U. S. Department of Agriculture this week spotlighted eggs as a feature on its February plentiful foods list for the Southeast.

Egg production in February is forecast at from 4 to 6 per cent above February a year ago. In addition, Miss LaUna Brashers, county home demonstration agent for the State College Extension Service points out that wholesale egg prices usually decline in February. These two facts—more eggs and declining prices—are the reasons eggs are a "first" on the plentiful list, the home agent explained.

Honey is another featured plentiful food for this year. Stocks are heavy from last season's 249 million pound crop. Dried prunes are third on the February list. Production last season was up nearly a fourth over the previous year, and markets are well stocked.

In addition to the three foods listed, February markets will offer plentiful supplies of pork and pork products, canned tuna, nonfat dry milk, cottage cheese, buttermilk, dry beans, fresh oranges, canned and frozen orange juice, raisins, rice, pecans, and almonds.

Hens on U. S. farms made a good record in 1951. They averaged 170 eggs each during the year. The rate in 1950 was 167, an dthe average rate is 150.

Maryland No. 1, a meat-type hog line developed by the U. S. Department of Agriculture, carries approximately 62 per cent Landrace and 38 per cent Berkshire blood.

Pork production in the United States will be about the same in 1952 as in 1951. Prices for hogs this year are expected to follow the usual seasonal patterns and be about the same in 1952.

Farmers in Lenoir County are showing a great deal of interest in the use of soil fumigants for control of root-knot in tobacco soils, says County Agent F. J. Koonce, Jr.

# Today! THE GREATEST CAR EVER BUILT IN THE LOW-PRICE FIELD

## The big 1952 FORD

**Out-performs them all!**  
Ford's completely new 101-h.p. high-compression, low-friction 52, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

**Out-rides them all!**  
The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you a smoother, easiest ride of them all—a level ride on straightaways, an even keel on curves.

**Out-sizes them all!**  
The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

**Full-Circle Visibility!**  
With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

**Exclusive Power Pilot Economy!**  
Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

**New Coachcraft Bodies!**  
Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new built-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field.

**Out-values them all!**  
With such modern design and engineering features as new High-Style Central Panel, new Power-Flow Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class.
