Fast Action - Aldringoes to work instantly. If the weevil breathes, eats, or even touches aldrin-he dies. You can see dead bugs in less than two hours

High Killing Power - Dosage is measured in mere ounces per acre for aldrin and its sister product, dieldrin. That's power!

Low Cost-Because large areas are covered by such small quantities of aldrin, the cost per acre is exceptionally low. If you want a big job for little cost, your best bet is aldrin.

Easy to Use-Aldrin sprays handle easily in any conventional application equipment. And the low concentration means that there's less clogging of spray nozzles.

Dust or Spray - Aldrin is available in either form 1.13 is just as effective either way. Order the kind that has proven best for your

Compatibility with other insecticides - Aldrin mixes readily and is compatible with other insecticides and fungicides. In fact, aldrin-DDT dusts and sprays are available for controlling all cotton insects including bollworm.
