

Pullet-Growing Advice Given

Keep your pullets growing if you want them to be laying for you when egg prices are highest. This advice comes from T. B. Morris, poultry specialist for State College Extension Service.

"Just because prices are relatively low now," says Morris, "poultrymen should not let pullets shift for themselves." It will pay to keep them growing so they will be laying at 5 1/2 to six months of age. Pullets must be fed well in order to keep them laying and insure good weight when they come into production. Three feed hoppers, six feet in length, are not too many for each 100 birds.

According to Morris, using tender green feed is an inexpensive means of growing well-developed birds. Better pullets can be grown by placing them on range where green crops are available. Old birds should be kept from driving the young layers away from the feed and water.

"The price of eggs should be about 60 cents a dozen in September," but the price that poultry raisers will receive is anybody's guess. During September 1950, top quality eggs averaged 51 cents per dozen and for September, 1951, they averaged 61 cents.

Generous supplies of fresh, cool, drinking water should be supplied for the pullets. Poultry men should make sure that some sort of shade is provided over the water during the hot summer days. Clean cool water is essential in promoting good growth and comfort of the birds.

The layers should be vaccinated for fowl pox sometime between the ages of eight and 16 weeks. Vaccination is a cheap means of insurance and it may help prevent a loss in egg production.

In 1947, milk plants in North Carolina were handling 481 million pounds of whole milk.

FORTUNE TELLER

ORIENT

2 3 4 5 6 7

YOU can have fun figuring out your message from the Orient by use of this pleasant little letter puzzle. If the number of letters in your first name is 5 or less, subtract from 7. If more than 5 letters in your first name, subtract from 12. Now take this result and find your key letter in the word ORIENT at the top of this puzzle. Then, starting at the upper left corner, check each one of your large key letters as it appears from left to right. Below the key letters is a code message for you.

National Safety Council Lists Safety Rules For July 4 Holiday

CHICAGO — Ninety million Americans will go forth on the Fourth—for a holiday—or a holiday day.

The National Safety Council estimates that there will be 40,000,000 passenger vehicles on U. S. streets and highways during the three-day holiday week-end and that they will travel 5,000,000,000 miles — enough to circle the world 200,000 times!

The figures only emphasize the tremendous amount of travel to be expected during the holiday, the Council said. It emphasized that more cars on the road traveling more miles will inevitably mean more accidents — unless there is more caution than usual on the part of the motoring public.

An ominous note already has been sounded this year with the traffic death toll for Memorial Day setting a new record of 300

lives lost in traffic alone.

In an attempt to prevent a holiday of tragedy for hundreds of persons, the council is conducting again this year a nationwide campaign for a safe Independence Day celebration.

Many national organizations, government officials, police departments and local safety councils are cooperating in the effort. Ned H. Dearborn, president of the Council, appealed to every citizen to do his part in preventing traffic tragedy over the Fourth.

ADMINISTRATRIX'S NOTICE
Having qualified as administratrix for the estate of C. C. Edens, deceased before the Clerk of the Superior Court for Cleveland County, all persons having claims against the estate are notified to file same with the undersigned on or before the 14th day of May, 1953 or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment.
This the 13th day of May, 1952.
Mrs. Sallie C. Edens,
Administratrix

Third Party In Family Scrap Found Guilty

"Me and him, we're capable of havin' a fight," testified Laura Mae Thompson of her husband, Frank Thompson, in City Recorder's Court Monday, June 9.

Thompson, who accused George Turner of assault with a deadly weapon, told the court that he and his wife were "havin' a scrap" when Turner "got in our argument" and cut him on the lip with a pocket knife.

Testimony by the defendant failed to prove that Thompson had been cut during the fight with his wife, and Judge Jack White found Turner guilty as charged and gave him a six-month sentence, suspended on condition of good behavior for a year, payment of cost of court and Thompson's hospital bill of \$23.

Judge White heard four other cases, carried over four others to June 16, continued one until the 10th, and referred one to a jury trial in Shelby.

J. W. Sanders was found not guilty of the charge by his wife, Myrtle R. Sanders, of abandonment and nonsupport. Testimony by Mrs. Sanders tended to prove that it was she who had left her husband—more than one time and for as long a period as four months.

Louis Gaddis was found not guilty of speeding on Grover Rd. in the 35-mile zone, from Mauney Mill to the city limits. Judge White told the defendant that it was not because he didn't believe arresting officer Stroupe's testimony that Gaddis was going 50, but because he was in a section not clearly marked, and people could easily think they were out of the city limits.

Charles Owens, who plead not guilty to a charge of speeding in the residential section on Fulton St. from Piedmont Avenue to Alexander St., was found guilty and sentenced to 60 days on the public roads. Sentence was suspended on payment of cost of court and \$5.00 fine.

One defendant was found guilty of public drunkenness. Continued until the morning of the 10th was the case against Curtis Smith for assault. Smith plead guilty, and a capias was issued for Carol Smith, the prosecuting witness, who failed to appear.

Other cases continued were: Ab Camp, charged with assault on a female; James T. Love and McCurry, theft of a dog; and William Bush, nonsupport; W. Taft Daggelhart, driving under the influence of intoxicants.

The case against Jackie Powell and Nathan Roger Dotson for interfering with an officer was referred to a jury trial.

At the a. m. session of Recorder's Court Tuesday the following cases were heard by Judge White: Curtis Smith, charged with assault, was given a six-month sentence which was suspended on condition of good behavior, payment of a \$5 fine, costs of court and hospital and doctor bills.

William Bush was found guilty of nonsupport and handed a six-month sentence, suspended on condition that he pay medical bills of \$5, per week, and \$25 per week to the clerk of court for benefit of children and wife, and costs of court.

The Love-McCurry case regarding a dog theft was transferred to county court for jury trial.

The following cases, held over from the June 2 session of Recorder's Court, were heard during the week:

Charlie Patrick, charged with speeding, paid costs.
Charles A. Perry, charged with temporary larceny, paid cost.
Marshall Wright, charged with non-compliance with court order, was given a chance by Judge White to get a job so that he would be able to pay costs.

Meat production in the United ion for the week ending May 31 was estimated at 258 million pounds. This was 3 per cent below the 265 million pounds produced a year ago.

you
and SOCIAL SECURITY

By Louis M. Sydzio, Field Rep. Gastonia Social Security Office (A representative of the Social Security Administration is in Kings Mountain on each first and third Wednesdays at 10 a. m. at City Hall.)

Checks for insurance payments under Federal social security are going to over 1,284 aged people, children and widowed mothers of young children in Cleveland County.

In releasing these figures today, Miss Margaret H. Lowder, manager of the Gastonia social security office, also said that in December 1951 these payments under the old-age and survivors insurance program amounted to \$35,827.00 a month in this area.

"Without these payments earned by workers under this contributory system, the ability of many people to pay for necessities would have been drastically curtailed or entirely ended," she said.

More than one-third of all people over 65 in the United States who could not count on income from work for support, were getting social security insurance benefits. About 699 persons over age 65 in Cleveland County were receiving these payments.

Miss Lowder pointed out that this Federal program is affording substantial survivor insurance protection. Three out of every four mothers and young children in the nation are now assured of monthly payments if the insured breadwinner of the family dies.

In this connection, she cited monthly payments totaling \$12,806 to 486 children, and 99 widowed mothers in the Cleveland area. These monthly payments are going to families deprived of earned income by the untimely death of the wage earner. They are helping to make it possible to keep families together, and keep children in school, and, at the same time, are lessening the drain on both public and private welfare funds, she declared.

Ricks Graduates At Howard

WASHINGTON, D. C. — Walter R. Ricks, Jr. of Kings Mountain was among some 692 graduates who heard the President of the United States deliver the Commencement Address at Howard University, Friday, June 13, at 5:30 p. m.

President Truman, in accepting the University's invitation to speak at Commencement Exercises, stated, "I am thinking of the hundreds of graduates and thousands of Howard alumni who are devoting their lives to

the betterment of a whole people. I feel they are entitled to some recognition and thanks by the President of the United States, who represents all the people of the United States." Graduates from the University this year represented 35 states, the District of Columbia, and 13 foreign countries.

* This is the local delivered price for the Buick SPECIAL 2-door, 6-passenger Sedan MODEL 489 (illustrated)

WE put the price of this Buick in big type because we're proud of it.

It's the price of the six-passenger, two-door SPECIAL—ready to roll.

When you put this price against the local delivered prices of other cars that folks usually associate with Buick—you'll have a hard time finding a single one as low.

When you put this price against what you'll pay for cars with the reputation of being "lower priced"—you'll find why this Buick gives them such keen competition.

And—if you want to go in for extras—you can still add up what goes on the bill of sale of other cars and a Buick—you'll find out that Buick's an even greater buy.

We know that price is important to a lot of folks, especially with the price of groceries—and even baby shoes—where they are today. But you also want some fun for your money—and that's where a Buick really shines. Just wait till you give a gentle nudge to the power that's under that big, broad hood and

feel your shoulders sink back as this beauty takes off.

You'll feel like the million dollars it cost to perfect its ride, when you sample the steady smoothness of its gait.

It's eager, alert, alive—makes each mile a new experience.

Want to try it? Why not? We're willing to let this beautiful bundle of high-powered energy speak for itself.

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52
