

High School Key Club Members Will Attend Chicago Convention

The Key Club of Kings Mountain High School will send three representatives to the ninth annual convention of Key Club International at Chicago next week.

They are Charles Mauney, Johnny Kiser, and D. K. McMackin.

David Neill of the Kiwanis Club of Kings Mountain, which sponsors the local Key Club, will also attend.

Expected at the three-day convention, June 26-28, are 1,500 high school boys from 45 states and five Canadian provinces. They will elect International officers, develop administrative policies for the coming year, and discuss the school and community services conducted by more than 1,000 Key Clubs.

At the opening session Thursday morning, Martin H. Kennel, Mayor of Chicago, and Douglas S. Cole, Consul General of Canada, will welcome the conventioners to the city. Larue F. Smith, vice president of Kiwanis International and retired industrialist of Niagara Falls, N. Y., will speak on "The Road of Decision and Destiny."

Arch Ward, sports editor of the Chicago Tribune, will discuss "The Role of Sport in Our National Life" at the Thursday Sports Night. Mr. Ward has created some of the nation's most successful sports events, including the International Golden Gloves, All-Star football and baseball games, Silver Skates, All-Star Bowling, and the Big Ten's Most Valuable Player Award.

Dr. Lawrence A. Kimpton, Chancellor of the University of Chicago, will speak Friday morning on the convention theme, "Honesty - The Key to Peace." Dr. Kimpton was chief administrator of the Atomic Bomb Project, professor of philosophy, dean of students, vice-president in charge of development and

dean of faculties at the University before his appointment as chief executive.

Robert F. Hurlough, well-known news commentator and TV personality, will address the conventioners at the Presidential Banquet Friday night. Mr. Hurlough has been Director of News for WGN-Chicago for the past eight years.

At the closing session Saturday morning, Mark Love, former Metropolitan Opera star, will present his acclaimed musical narration, "The Romance of America." Mr. Love is now Educational Director of the Curtiss Candy Company.

Because many of the Key Club delegates will be visiting Chicago for the first time, extensive sight-seeing tours are planned throughout the Windy City. The boys will swim in Lake Michigan, visit the world-famed stockyards, Soldier Field, Adler Planetarium, Shedd Aquarium, The Chicago Tribune newsprint, WGN studios, and Chicago's beautiful North Shore.

The Key Clubbers will be entertained also by top-notch talent shows and oratorical competitions featuring finalists from the 30 Key Club Districts. The youthful speakers will orate on "Freedom is Not Free."

A timely innovation this year will be a mock election in which the Key Club registrants will cast ballots for their choice as President of the United States.

The Conrad Hilton, formerly the Stevens, the world's largest hotel, will be the headquarters of all convention activity.

QUESTION: What is the most troublesome insect in the storage and curing of meats?

ANSWER: The ham or cheese skipper is the most troublesome insect in curing and storing meats. It can lay its eggs rapidly on the meat and when this happens the larvae will penetrate the meat. The cheese skipper is an extremely small fly that can get through ordinary window screen. Cheese mites and ham beetles are also troublesome but are easier to control than skipper flies.
