#### Miss Peggy Baker Party Honoree

One of the largest and prettiest parties of the month was the Coca Cola party given Wednesday July 9th by Mrs. Arnold Kiser and Mrs. Carl Mauney at the home of Mrs. Kiser.

The lovely affair was planned as a pre-nuptial courtesy for Miss Peggy Baker, bride-elect of the month. Guests were welcomed at the front entrance by Mrs. Hunter Neisler, an informal receiving line composed of the hostesses, the honoree and her mother, Mrs. L. B. Baker were in the living room.

Mrs. G. F. Lattimore directed callers into the dining room where Mrs. W. L. Ramseur and Mrs. Don Blanton presided. The table was overlaid with an embroidered grass linen cloth. As you entered the room, the magnificent arrangement of white glads centered with watermelon crepe myrtle on the end of the table, with the delicate cream glads in the back made an enchanting picture, the colors harmonizing with the decoration of the room. Trays of hot ham biscuits, chicken salad sandwiches, cheese strips, open faced sandwiches bell shaped, and pecan dreams with the pickles on toothpicks protruding from a half grape fruit further emphasized the green, white and yellow color motif.

On a small chest of drawers an arrangement of glads picking up the colors in the living room also the dining room was very appealing. In the breakfast room from a table covered with magnolia leaves with clusters of zinnias peeping through iced colas were served by Mrs. Amos Dean and Mrs. Jacob Cooper. From a small side table lemonade was served. Other arrangements of mixed zinnias added to the festive mood.

In the den and sun porch were small tables where you could sit, enjoy the delicious refreshments, and chat awhile. Mrs. Fred Plonk and Mrs. L. E. Abbott were hostesses there and Miss Elizabeth Anthony bade adieu to the hundred guests who called between 10:30 and 12 o'clock. On the mantle in the living room was a most unusual arrangement in reds, featuring glads, crepe myrtle and other flowers. At other points in the room were roses in pink and yellow, another bowl of daisies, bay's breath and

THIS is—to coin a phrase—a "shopper's market." Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags. That's the kind of market where Buick really shines. Do you know why? Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three." Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio. For very few extra dollars, they're getting a lot more automobile. They're getting more power—and the thrill that goes with it. They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop. They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.\* They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel. So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above. Why don't you come in and see for yourself what's behind this popularity? If you can afford a new car, you can be the proud owner of a Buick. Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52
