Farmers To Receive '51 Crop Payments

RALEIGH — Members of the N. C. Cotton Growers Cooperative Association will receive final payment this week of approximately \$200,000 on their 1951 crop.

Checks for this amount have been mailed to farmers who sold their 1951 cotton through the association, according to M. G. Mann, general manager of the marketing organization.

The sum represents final settlement on last year's crop, Mann said, and is over and above full market price which association members actually received for their cotton at the time they ordered it sold.

Mann attributed the extra cash payment to a general improvement in the textile industry during recent months.

"We know," he said, "that if textile business improved and the basis for which we were able to sell cotton to mills was more than that which we had paid our members throughout the year that we could make this adjusted final settlement now."

Continuing, he declared: "We are happy at this time of the year when cotton farmers are sorely in need of funds that we can send back to our members approximately \$200,000 representing an additional 63 points, or \$3.15 on a 500-pound bale, as final settlement."

Mann said at times during the past 12 months it was virtually impossible to sell cotton to mills because of unsettled conditions in the textile industry. However, he went on, the situation has brightened considerably, and an active demand once more exists for cotton.

During the 1951 season, the growers' association handled cotton valued at more than 13 and a half million dollars. Since it was founded in 1922, the association has handled 2,435,127 bales valued at \$227,770,356.29, Mann said.

Gardner-Webb To Begin Fall Term

BOILING SPRINGS — Gardner-Webb College will begin its fall term Monday, September 8, according to an announcement made by President P. L. Elliott.

Freshmen will be expected to be on hand for a full week's pre-registration and orientation beginning Monday, September 8, he said. The first meal in the college cafeteria will be served on Monday at 6:00 p. m.

The week's orientation will include English placement tests, library orientation, guidance and placement tests, physical examinations, and conferences with faculty advisors. Freshmen will register for classes on Friday, September 12.

Sophomores will arrive on the campus September 12 and will register for classes September 13.

Mrs. Dorothy Hamrick, registrar, reports a marked increase over last year's enrollment in both freshmen and sophomore classes.

Dean J. Orville Terrill has announced the addition of two new members to the teaching staff. F. B. Dedmon of Salisbury, received his A. B. degree from Catawba College, Th. M. degree from the Southern Baptist Theological Seminary, and Master's degree in English from Duke University. Mrs. Dorothy Elliott Sink, graduate of Gardner-Webb College and of Women's college of the University of North Carolina and who until recently was assistant home demonstration agent in Guilford County, will head the Home Economics department.

President Elliott also announced the addition of Mrs. J. W. Barnett of Asheville as counselor of girls. Mrs. Barnett will replace Mrs. J. D. Huggins who retired this past year after 46 years of continuous service. Mrs. Barnett is a graduate of Pennsylvania State Teachers College and has done graduate work in Columbia University and Appalachian State Teachers College.

Professor William Troutman will also return to the history department after a year's leave of absence.

The formal opening of the college will be held Monday morning, September 15, President Elliott said.

Vacation Safety Driving Advised

GREENSBORO — "Plan your vacation driving on a time basis rather than on the basis of a grim will to travel a set number of miles, come what may," was the advice of a state trucking official today.

"Or better yet," said A. C. Patterson, safety council chairman of the N. C. Motor Carriers Association, "plan to drive only as long as you feel up to it."

"Fatigue is one of the toughest highway dangers to deal with," Mr. Patterson said, "because you often don't realize it has you in its power. So it always pays to drive only as long as you can remain alert."

The safety council chairman pointed out ways to stay alert while driving: "Get your usual amount of sleep prior to driving; stop occasionally to stretch cramped muscles, and if an able driver is with you, alternate regularly."

One danger in fatigue is that

when some people realize they are tired they speed up to reach their destination, Patterson continued. "Speeding makes them more tired, and their chances of reacting in time to avoid an accident are greatly lessened if you are downright tired, so get off the road soon and sleep it off."

"Try not to crowd a schedule so much that you are forced to speed, especially on the return trip," Mr. Patterson added. "Excess speed is the cause of most vehicular accidents, and summer-time is the season of most accidents."

The United States is growing at the rate of 2 1/2 million persons a year. To feed these additional persons, the production equivalent of 7 1/2 million acres should be added to farm output each year.

Miss Neal Is Named Queen

In a contest sponsored Thursday night by the Senior class of Bethware high school, Miss Rachel Neal, tenth grade student, was named queen of Bethware.

Four girls competed for the title, one representative from each class in high school. After votes had been solicited Thursday night at the combination ice-

cream supper and contest, Miss Neal was named Queen.

She is the granddaughter of Mr. and Mrs. M. C. Neal of route 2 with whom she makes her home.

The tenth grade class presented Miss Neal with a charm bracelet with the inscription, "Queen of '52 written on it."

Proceeds from the contest and ice cream supper went to the senior's fund for their spring trip to Washington.
