Polio Strikes Kings Mountain

This will probably be the headlines if the Sewage Bond Issue is not passed in December.

The situation is a disgrace to civilized people. Raw sewage flowing into the gutters for children to play in, and breed flies to contaminate your food. It flows into streams raw for milk cattle to drink then fed back to your children.

De not be deceived by lying propagandists for they are the ones that have always opposed anything for the benefit of the taxpayers.

This administration is giving the taxpayers value received for their tax dollars.

Anyone who does not register and vote for the Sewage Bond Issue has no regards for the public welfare of this community.

GARLAND E. STILL,
Mayor.

P. S. — If you know of anyone who is against sewage for all people, check up on him and find out what he has ever done for you or your children.
