CARLOS FALLON

Executives Club To Hear Fallon

Carlos Fallon, former Colombian Naval officer and a captain in the Army of the United States (retired) will be the next guest of honor at a regular meeting of the Cleveland - Rutherford Executives Club, according to Robert M. Maxwell, the local secretary who is in charge of the arrangements.

The affair will be at Gardner-Webb college on the 4th of December at 7 o'clock and it is expected that a large number of the members and their invited guests will be on hand to hear the distinguished author, world traveler and lecturer. His subject will be "Misadventures - At Home and Abroad."

Fallon was born in Colombia and after he reached manhood he spent ten years in the navy of his country, but a large part of his boyhood was spent in New Orleans where his father was the Colombian Consul in that city.

He knows the entire Western Hemisphere from Canada to Cape Horn, having covered it personally. He knows South America as well as club members know their home towns. He speaks French and Portuguese as fluently as he speaks his native Spanish and his English is impeccable.

Based on his behind-the-scenes knowledge of international relations, Carlos Fallon presents a more startling picture of the enormous power for good or evil than can be wielded by the three hundred millions of Americans in the Western Hemisphere.

An outstanding characteristic of Fallon's lectures is the fact that they are fun. It may be that the Irish and Spanish combine to produce a special type of wit or it may be the mixture of Castilian culture and a sailor's life but the end result is that audiences love it.

Kings Mountain Men Get GOC Wings

Over 100 volunteer members of the Cleveland County Ground Observer Corps were to have received silver wings and certificates from the Air Force in ceremonies at the VFW hall in Shelby Wednesday night.

Volunteers from Kings Mountain who put in ten hours or more and received wings and certificates were Ted Gamble, James Lybrand, and C. D. Ware.

More than 1800 North Carolina communities, including some counties, are served only by trucks.

RECREATION ROUND-UP

REBELS TIE SHELBY

The Kings Mountain Rebels spotted Shelby's junior high homecoming Saturday night in Shelby by holding the favored Shelby to a scoreless tie.

This was the first blemish on the heretofore undefeated, untied record of Coach Manley Runyons' charges.

Kings Mountain hung up their football togs a week ago but, due to a cancellation by Gastonia the recreation team was rounded up by Coach Major Lofton and uniforms reissued to the players for the Shelby game. Thanks to J. Ollie Harris, all the boys were able to attend the game with Fireman Ted Gamble and Ellis King helping supervise the trip.

The Rebels took the opening kickoff from their own 27 yard line to the Shelby 6-inch line before being stopped, Referee O. C. Conner ruling the ball dead at that point. Kings Mountain threatened again just before the half ended, losing the ball on a fumble on the Shelby four. With the game almost over, a pass play looked good for a Kings Mountain T. D. but Headlinesman Bridges ruled that Rebel Back Branton had stepped out-of-bounds on the four and on the next play K. M. fumbled and the game ended.

Shelby stayed in their own territory most of the game and except for a few bad breaks Kings Mountain could have scored several times. The tie left the Rebel season mark at 7-3-1, with all three losses being by only 25 points. The Rebels ran up 234 points to the oppositions 39.

BASKETBALL

Players on the Kings Mountain Men's team entry in the Cleveland County Industrial league are totting a lot of aching muscles but are rounding into shape with nightly workouts being held at the high school gym.

Participating are Buddy Medlin, Jos Costner, Clavon Kelly, Luco Falls, Robert and David Neill, Walt and Bill Harmon, Bobby Sanders, Jack Wells, Joe Hendrick, Tommy Owens, Gene Stone, Red Layton and several others.

Anyone interested in playing is invited to attend practice tonight (Thursday). The league opens December 7th at the Shelby Recreation Center and all fans are urged to support Kings Mountain's entry.

All grammar grade boy students in the 7th or 8th grades are invited to attend a basketball organizational meeting and clinic to be held at the high school gym Saturday morning from ten to twelve.

Recreation Director Layton said that all boys planning to play must have tennis or basketball shoes to play in the gym and no one will be permitted to play unless this rule is followed. In cases where the boy does not have shoes, he can attend the meeting and contact Mr. Layton and arrangements will be made to try and get shoes for him.

A similar arrangement is being worked out for a girl's league and anyone interested in helping out with the supervision of this program is urged to contact Red Layton.

North Carolina was the fifth largest Southern pulpwood producing state in 1952 with 1.3 million cords harvested.

Truck Owners Must Supply Information

RALEIGH — North Carolina truck and trailer owners must supply the Motor Vehicles Department with certain licensing information when applying for 1954 tags. Registration Director Foy Ingram said today.

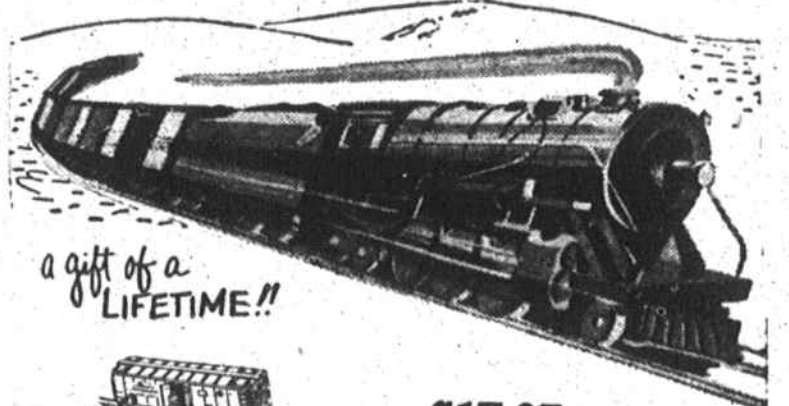

Space is provided on the reverse side of the owner's renewal card for this information which must be filled in prior to the issuance of new plates. Those applying by mail must be certain to include the information on

their renewal card. Miss Ingram explained, "Truck and trailer owners must declare the empty weight and maximum load carried by their vehicles at the time they apply for 1954 licenses. This is due to the fact that the basis for license fees has been changed from the manufacturer's recommended gross weight to the owner's declared weight."

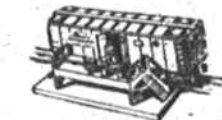

The regulation affects only truck and trailer owners Miss Ingram said. License renewal cards are in the mail now and all owners should receive theirs by December 1, the date new tags go on sale throughout the state.
