FORT McPHERSON, GA. — "Tarheels" might well be the nickname of the Fort McPherson, Ga., baseball team this season, since the Fort Mac roster includes six players who call North Carolina their home.

Fort McPherson, which at present has a record of 8 wins and 2 losses, depends largely for its 1954 success upon these six Tarheel-State products, as well as the 15 other players on its roster.

One of Fort McPherson's three catchers is from North Carolina — Pfc. Bobby Huffstetler of Kings Mountain, N. C. Huffstetler is sporting a hefty .375 batting average as of this date, after batting .320 for Fort Mac in 1953. Huffstetler hit .302 with Rockingham, N. C., in 1950.

The list of North Carolinians playing for the Georgia Army line also includes Pfc. Rudy Williams, Brunswick; Pvt. Ted Abernathy, of Stanley; Pfc. Gene Sumner, of Goldsboro; Cpl. Ladell Ford, of Fairmont; and Vernon "Pete" Hal, of Durham.

Wilmer "Vinegar Bend" Mizell, called by many the "Left-Handed Dizzy Dean", is also on the team. Mizell, who was starting with the St. Louis Cardinals when drafted last October, heads the Fort McPherson mound staff. He played with Winston-Salem, N. C., in 1950, where he set a league strikeout record of 227 in 207 innings.

Others on the club are Bobby Hartsfield who played at Landis and Statesville, Arnold Martinez who was with Shelby in 1952 and James Brown, with Lincoln in 1949.

Park "Business" Still Increasing

"Business" at Kings Mountain National Military Park continues on the increase, Ben Moomaw, superintendent, reported this week.

Easter Sunday was a record day, with 4,090 persons visiting the park, site of the famous Revolutionary War Battle of Kings Mountain.

Mr. Moomaw also said that 2,540 persons visited the park last Sunday and that "It looks like the summer swing is now underway."

Last year was a record year for visitors to the park and Mr. Moomaw reported that visitations are now exceeding 1953 totals.

Through Sunday evening, the April total had reached 11,445, keeping the 1954 total for the month neck-and-neck with April, 1953.

"One thing might account for the 1953 record number of visitors, however," Superintendent Moomaw pointed out. "From January 1, 1953 through October, 1953 we had only one rainy Sunday. We don't expect that much dry weather this year but we are looking for a new record."

New Map Exhibit Place At Park

A new exhibit, a map showing the 1778 invasion of the South from 1778 through Yorktown in 1781, was placed in the Kings Mountain National Military Park museum last Saturday afternoon.

The map, which is located in the lobby of the museum on the right opposite the "Mountain Man" exhibit, was prepared by Sidney King, outstanding historical artist of Bolling Green, Va.

It was a gift to the park by the Eastern National Parks and Monuments Association, Ben Moomaw, park superintendent said. The association sponsors sales of post cards of parks and monuments throughout the area, he added.

"The map measures six feet by six feet and is a beautiful piece of art," Mr. Moomaw reported. "It very forcibly shows the casual visitor just how much of the Revolutionary War was fought and won in the South."

The map was on display last week in the Southeastern Regional office of the National Park Service in Richmond, Va., and was brought to the Kings Mountain park Saturday at noon by Bob McDaniel, Ben Davis, former park historian, George Mackenzie, historian, and Mr. Moomaw assisted Mr. King with the project.

The artist is also to prepare identical maps for the Guilford Courthouse and Yorktown museums.
