**LET'S TALK IT OVER**

In the Second Century BC an ancient gentleman named Antipater compiled a list of the Seven Wonders of the world. Of this impressive list only the pyramids of Egypt are still around; the Colossus of Rhodes, the hanging gardens of Babylon, the Temple of Diana and the rest having long since given up to the ravages of time.

After considerable thought on the subject (three minutes) we tried to compile an up-to-the-minute list of seven new wonders of the world. We flirted with such intriguing marvels as supersonic jets, anti-biotics, bubble gum, electronic brains, chlorophyll dog biscuits, and the fantastic reflexes of the driver behind who manages to blast his horn the exact split-second the traffic light turns green. We toyed, too, with teen-age slangage, 3-D, Liberace, thermonuclear tomfoolery, the high cost of low living and Sunday traffic. Finally we came to the conclusion that Antipater of Sidon had us whipped. We're in a rocket age, friends, where the wonders of today are old hat tomorrow. Even Jack Benny's ability to stay a boyish 39 years isn't likely to outlive the pyramids.

It looks as if nothing will outlive the pyramids... but we're positive the FLOWERS you get at ALLEN'S FLOWER SHOP will last longer than any you may purchase elsewhere. For FRESH FLOWERS, and FLORAL GIFTS of DISTINCTION come to 624 E. King Street where our QUALITY is your ECONOMY. (adv.)
