Burlington Gifts At \$5 Million Mark

Greensboro, N. C. — Burling-ton Industries, Inc., has contri-buted more than \$5 million from its 1964 earnings to the Profit Sharing Retirement Plan for hourly-paid employees of the di-versified textile firm.

Statements showing the a mount of money credited to the personal account of each mem-ber of the plan have been distributed to employees at plants throughout the company, according to Charles A. McLendon, Burlington vice president of personnel.

Burlington's contribution to the plan was equivalent to 10 per cent of the company's 1964 earnings after taxes. Total valuation of the plan, established in 1963, is now approximately \$10 mil-lion. This represents \$9.5 million in company contributions and the balance from growth in the trust fund set up in connection with the plan. Fund earnings and net increase in value of fund investments in 1964 amounted to more than \$530,000.

No matter how you look at it, this car makes a lot of sense.

If you're interested in value (and who isn't), the eleven features above give you a good idea why more intermediate-size car buyers are thinking Chevelle.

If you're looking for a wide power choice, Chevelle starts out with a standard 120-hp Six, an ideal city performer. After that you may order from a variety of engines that turn it into an even greater highway performer. CHEVROLET Room? Large door openings. Wide

curved side windows for extra shoulder room. Great front and rear leg room. Those four, five or six passengers have it made. And so do you. Chevelle may seat like a big car but it handles like a smaller car.

Comfort? Thick wall-to-wall carpeting in Malibu models, Foam-cushioned seats, Easy-to-read instrument panel. The whole interior discover the looks like those in cars costing far more.

Come on down to our showroom and take a drive soon. Chevelle begins to make even more sense after you've gone a couple of miles.

Dear friends,

We are not surprised when people express a lack of information about the funeral director's service. Need for a mortician comes to the average family only once in fourteen years.

When that need arises, the family faces a strange and distressing situation. Your funeral director realizes this and does his utmost to relieve the family of needless concern, and to provide reassurance.

Respectfully,

Cle Hams
