greatest progress during the heart of the Depression, from 1929-36. During this seven-year period a number of new offices were opened. In many cases where a new office was located in this period there had been or were no banking facilities available. The bank's management emphasized "taking a service to the people of the area than expanding just for the sake of expanding."

Kings Mountain's branch bank will be the 48th established by First-Citizens. Major departments include commercial banking, mortgage loan, installment loan, trust, correspondent, systems, procedures and purchasing, communications and personnel, bond, auditing, and various operating departments and divisions.

Kings Mountain has been served by a single banking house since April 1929, when Commercial Bank & Trust Company, headquartered in Gastonia, closed its doors here and in several surrounding communities in which it had branches.

At the turn of the century, there were three banks. First National Bank, founded in 1900, merged with First Union National Bank of North Carolina in 1960.

The State Banking Commission in mid-July approved application of First-Citizens permission to establish a branch here.

EDITOR'S NOTE: Below are authoritative answers by the Veterans Administration to some of the many current questions from former servicemen and their families. Further information on veterans benefits may be obtained at any VA office.

Q—Would you tell me if a 100 percent disabled veteran can take out a loan on the new GI "J" insurance, and if so, how much could he obtain?

A—There are no loan provisions on the new GI "J" insurance that is now being sold to disabled veterans.

Q—I have one dependent and receive pension under the new pension law. What are the income limits for the various rates of pension?

A—With annual income of not more than \$1,000, the pension rate is \$105 monthly; with income of not more than \$2,000, the rate is \$80 and with income of not more than \$3,000, the rate is \$48.

Q—I recently moved and wish to file a change of address for delivery of future VA compensation checks. Can I use the change of address form on the envelope containing my last payment?

A—Yes. But do not forward the change of address to the Treasury Department. Mail it to the VA office having custody of your records as a veteran.
