

Trinity Baptists Set Youth Week

Trinity Baptist Church, Bessemer City, will observe Youth Week, May 15-22. Theme for the week will be "YOU and YOUR LIFE."

A number of outstanding laymen from Gaston County will speak to the Young People each night at 7:00 on important phases of their life.

On Sunday Morning, May 22, Phil White, of Mount Holly, an outstanding Christian Athlete will be in charge of the morning worship service.

Among other activities planned for the week, the Young People will be in charge of the Mid-week

prayer service; the Junior class will present the music for both worship services and a banquet will be given to the Young people on Saturday night.

Steve Bowen will be Sunday School Superintendent; Gene Ware, Training Union Director; Martha Ware, Song Leader and Vicky Bowen, Pianist.

Others taking part will include: Judy Starr, Steve Free, Libby Free, Brenda Ware, Teresa Jones, Glenda Jones, Ann Strange, Kay Jones, Debbie Hunter, Buddy Jones, Danny Free, Bob Ware, Tomny Foster, Sharon U'ren, Hubert Strange, Rena

GARDEN TIME

n.c. state college

A regular spraying or dusting program to protect plants from the ravages of insect and disease pests is the best insurance you have against damage.

A good slogan: use the right materials; at the right time; and properly mixed. Do a thorough job of covering all parts of the plant, especially the undersides of the leaves to control sucking insects such as aphids, red spiders and lace bugs.

All insects have a life history or cycle. That is, they undergo changes which may occur in four stages: egg, larva, pupa and adult. Or, in three stages: egg, nymph and adult. The larva and nymph stages are usually the most destructive although the adult stage may also be destructive.

In the case of fungus diseases, it is necessary to keep the plants protected at all times. These diseases, represented by various leaf spots of roses, apples and many other plants, produce spores. These spores germinate and attack the plant tissues. If the leaf is protected by a fungicide, the spores are killed before they have a chance to enter the tissues. Once the diseases gain entrance, they are more difficult to control.

These simple examples should serve to show how important it is to keep your plants protected at all times. Many people seem to think that one or two sprayings during the growing season are all that are necessary. On the contrary, this battle against insects and diseases is never-ending. For this reason it is best to follow a regular spray program for all of your ornamentals, fruits and vegetables.

There are many effective spray chemicals available — some for sucking insects, others for insects that chew their food and some combination materials which are effective against both types.

Mix all materials according to instructions given on the containers. This will insure proper concentration. Observe safety measures: by not inhaling spray or dust; by washing hands with soap and water; by storing out of reach of children and pets. Observe residue tolerances permitted on vegetable crops by using the different chemicals as recommended.

Your county agent will have a supply of spray calendars for the different crops or can get them for you.

In England's past, a checkered tablecloth on a table in the king's counting house was used to compute the revenues. Therefore, the revenue department became known as the Exchequer.

Belmont Abbey To Open Summer School

Belmont Abbey College will begin its summer school on June 6 and will have six and eight weeks sessions until July 30. Twenty-seven courses are offered

in the summer schedule.

Dean Walter Spear announced today that four workshops, of four weeks' duration, will be offered in modern languages for undergraduate credit, with special elementary courses for high school deficiency credit; in Education for public school teachers in the fields of Driver Education, Audio-Visual Aids, and New Fundamentals of Modern Mathematics for elementary school teachers.

A special workshop in Drama will be offered from June 20 to July 29.

Courses will be offered in Advanced Chemistry, Geography, Business, Economics, English, History, Political Science, and Philosophy.

Dean Spear advises early registration for the summer courses, especially undergraduate men who may wish to progress in their college standing to fulfill draft requirements. Students, both men and women, from other institutions are also advised to secure approval of their respective colleges and to enroll early to insure the scheduling of the courses.

For further information, students should contact Dean Walter Spear, Director of the Summer Session, at the College, or call 704-825-5147.

AN OPEN LETTER FROM

Charles Arnette

LOCAL FINANCE CO.
121 N. LAFAYETTE ST.
SHELBY, N.C.
PHONE 482-2434

Dear Readers:

You know, more and more people are coming to Local Finance. Maybe it's my good looks, or my wavy hair, or maybe it's because the word is out... I like to make loans for \$300, \$400, \$500 or more... I like to consolidate all customer's bills into one monthly payment. People tell me I'm the easiest fellow to get along with, especially when someone needs more than \$300.

Got to close now... A couple just came in for \$600 and I promised to put the cash in their hands in 20 minutes. Next thing you know, they'll be calling me "speedy"... I get the cash out to the customers with fast, fast, fast service.

Sincerely,

Charles Arnette

Manager

P.S. Tell your friends about me... how easy it is to get \$300, \$400, \$500 or more at LOCAL.

W. K. MAUNEY, JR.

Candidate

North Carolina

House of Representatives

Dear Voter:

The cost of operating our state government has risen so rapidly in recent years that the citizenry feels threatened with an unbearable burden of excessive taxes. To find a way to provide the services required by the people and still operate on a sound fiscal basis poses quite a problem.

The solution to this problem lies in our electing to the State Legislature men with good judgment who will devote themselves to distinguishing between expenditures which are "wanted" and those truly "needed".

If I am elected as a representative from the 43rd District, I will exercise the best judgment of which I am capable on every appropriation requested, keeping in mind always that the tax dollar must be spent in such a manner as to produce the greatest possible good for the greatest number of people.

Sincerely,

W. K. (Bill) Mauney, Jr.

Candidate For The North Carolina
House of Representatives
