At The 10 - Year Progress Report In Cleveland County!

WORKING TOGETHER is a time-honored tradition in Cleveland County. The mutual efforts of labor and management during recent years has resulted in phenomenal economic development of our community. **NEW INDUSTRIES** have chosen Cleveland County to establish operations. Older industries have shown their confidence in our community through expansions and investments of new capital.

THOUSANDS OF OUR PEOPLE have become productive, secure citizens because of the job opportunities offered by these industrial plants. Our citizens have been given the opportunity to prove their abilities. They have been fairly rewarded for their labor.

SINCE 1955 our employment, income and retail sales figures have soared. New home construction is at an all-time high. The general economic health of our county is the best we have ever enjoyed.

ALL THESE BENEFITS can be traced directly to the existing climate of cooperation and good will between management and labor. A continuation of these mutual efforts by employees and employers will assure an even brighter future for all of us.
