### Roark Favors Tobacco Tax

CLIFFSIDE—House Candidate Lester D. Roark told a Cliffside PTA audience Monday night that a Tobacco Tax could yield some \$210,000 annually for the Rutherford County Public School system.

Roark cited a 1965 survey made by the N. C. Tax Study Commission as the basis for his allocation formula. The study showed that a five cents per package tax on cigarettes sold in North Carolina would yield approximately \$25 million in revenue annually. After allowing five percent for administrative expenses, the Tobacco Tax receipts would amount to about \$20 per pupil, based upon a 1967-68 enrollment of 1.2 million students in N. C. public schools.

### THE \$25 SPORT COAT.

You owe it to yourself to look into this

You've seen a price tag like this on a sport coat before—but the question is, have you seen quality like this. The whole value you see wrapped up in the fabrics we use, the workmanship that makes the shape. See checks, plaids, stripes in well-balanced blendings of 50% Fortrel polyester, 50% combed cotton, others in 65% Dacron polyester with 35% Avisco rayon. Just ounces on your shoulders, yet you'll be pleased at the way wrinkles never stay because they hardly come. Tell us your size; we'll show you a great selection in chili, blue, olive, gold. A price so great it's worth mentioning twice! \$25
