Negotiations Are Beginning For Lake Site

The city commission Tuesday authorized Mayor John H. Moss to begin negotiations for 2,200 acres needed as a basin for the projected Buffalo lake and water plant and heard report from the city's consulting engineer that ex-pansion of the McGill treatment plant will be completed by the end of August.

Both project progress reports followed announcement by the mayor that a larger operating budget by the city next year won't increase taxes.

Final plans for the dam and water treatment plant are essentially complete, said the mayor, and will be finalized by July 15. Col. W. K. Dickson of Charlotte said the city's sewer im provement project is about 10 percent complete. "The sewer project is moving along about as well as expected," said Dickson. "The concrete work at the Mc-Gill Plant is completed, the earthwork at the new plant on Pilot Creek is done and some forms for the concrete built. We are Patsy Dale Smith, daughter of getting the right-of-way for nec-Mr. and Mrs. D. L. Smith of essary sewer lines." Beginning Monday, June 17th, God And Community Scout Award Is Presented To Miss Jane Yates

Jane Yates, high school junior

and daughter of Mr. and Mrs. Hugh Yates, was presented the God and Community award, highest scouting award the church presents, at St. Matthew's Lutheran church Sunday night. Rev. Charles Easley presented

the award to Miss Yates before the congregation attending the union night service. Mrs. Yates and Mrs. Charles Blanton, Troop 200 Scout leader, pinned the award on the First Class Scout.

Miss Yates earned the award, sponsored by Church women United, after a year's work with her pastor, learning Lutheran church history, the work of her own church and helping to plan services to learn more about her own religion. She is active in St. Matthew's church.

JANE YATES
