"Straws In Wind" Prediction Of Thomson-McKinnon Brokers

Thomson & McKinnon detects "straws in the wind" which indicate that the tax surcharge at last is starting to "grab" the economy and limit inflation. In its Mid Month Review published today, the firm reiterates its view that the surcharge and budget cuts "will increasingly restrain the economy". It points to slowing price index trends, slightly easing auto sales and a recent drop in retail sales as anti-in-

structive attitude on the stock market". Factors behind this optimism include: the traditional year-end institutional demand for stocks, favorable investor reaction to the Nixon victory, a sharp recent improvement in the trade balance, and the possibility of easing or eliminating the surcharge in mid-1969.

Should the inflation and trade balance pictures continue to improve, T&M believes "the Federal Reserve Board will encourage lower interest rates — a historically favorable factor for stock prices."

Legionnaires Top Member Goal

Information received here from Department Headquarters of The American Legion in Raleigh indicates that Kings Mountain Post 155 has conducted a highly successful membership drive.

Carl V. Wiesener, Commander of the Post, has received a letter from Department Adjutant J. Carroll Wilson reporting that Post 155 has exceeded its Legion Membership Incentive Goal for 1968. The Legion Adjutant expressed congratulations and thanks to the Post leaders and membership workers for their effort.

such as care for needy children, Troops, Oratorical Contests, Community Service, and all the others. I am proud to congratulate Post 155 upon this notable achievement."

Post Commander Wiesener explained that "69-The Golden Year" — the theme of this year's drive — was to remind all America of the 50 years' service The American Legion has rendered our country and accept the challenge of "Forging the Future" of America by her war veterans whose service makes them eligible to become Legionnaires.

"We are accepting dues payments now from Legionnaires and eligible veterans whose membership is essential if the local organization is to continue its service programs", Commander Wiesener stated. Also, he reported that the Post is planning to expand its local programs and activities, depending on the final results of the 1969 membership drive.

The Veterans Corner

Q—I was recently discharged from the Army after only 19 months of service. I have heard that I may still be eligible for up to four years of college education assistance from the Veterans Administration. Is this true? If so, I will enroll in college.

A—As of Dec. 1, 1968, under a new law recently signed by President Johnson, a veteran such as you with at least 18 months of service after Jan. 31, 1955, who has satisfied his military obligation, will be entitled to 36 months (four academic years) of educational assistance from the VA. For full time institutional training you will receive \$130 a month as a single veteran — more if you have dependents. Check with your nearest VA regional office for detailed information and assistance.

Q—My father was killed in service in World War II. I received four years (36 months) of war orphans educational assistance from the Veterans Administration while attending college. After graduation I went into service and will soon be discharged after two years of active duty. Am I entitled to any additional educational assistance from the VA as the result of my own military service?

A—You will be after Dec. 1, 1968. Under a new law recently signed by the President, veterans such as you who have already received educational assistance under one VA program will be entitled to an aggregate of 48 months of educational assistance under two or more Federal veteran benefit programs. Since you already received 36

Telephone Talk

By R. B. MOORE

MOST OF US WHO LIKE FOOTBALL, but can't make it to the bowls and all-star games, will be able to see these events on television.

Your unseen "travel agent" to all the televised games this season, as in the past, will be your phone company. TV signals for some football games, as well as all TV network shows, travel from stadium to you over the nationwide telephone network. We're glad we can help bring you your favorite sports and programs.

THE YOUNG BRIDE was making plans, a few days in advance, for her first Thanksgiving dinner. She wanted to serve several of her own traditional favorites, but she realized she didn't know how to prepare them. So she made a quick Long Distance phone call—to her mother. She got her recipes, and all the news from home at the same time. (And she saved time and money, too, by dialing her call direct instead of calling person-to-person.) Your telephone is like that. It can help you answer lots of questions—and enjoy yourself, too.
