Farmers: Tax Deadline Is Jan. 31

GREENSBORO, N. C. - Farmers have until January 31 to file reports on the Social Security taxes withheld from their employee wages, J. E. Wall, District Director of Internal Revenue for North Carolina, said today.

The reports should be filed on Form 943, Employer's Annual Tax Return for Agricultural Employees.

Wall said that any farmer who pays an employee cash wages of \$150 or more a year must withhold Social Security taxes. Taxes must also be withheld on wages under \$150 for any person hired 20 days or more a year.

For tax purposes, a farm employer includes anyone who furnishes and pays workers to perform agricultural labor on his behalf or for someone else. Wall said a "crew leader" is an employer under his definition.

The 1968 tax rate is 8.8 percent of the first \$7800 of taxable wages paid a farm employer. Half the tax is paid by the farmer and the other half by the employee.

Farmers should remember to give a W-2 wage and tax statement to every worker they pay \$600 or more a year. Employees paid less than \$600 should receive a statement covering their Social Security taxes, Wall said.

More detailed information is available in IRS Publication 51, "Agricultural Employer's Social Security Tax Guide." Send a post card to 320 South Ashe Street, Greensboro, N. C. 27401, for a free copy.

31 Students In PACE Program

Last summer, 31 college students from Cleveland county worked in local public or private non-profit agencies or organizations under the PACE - I.N.C. program. PACE - I.N.C. is an acronym for Plan Assuring College Education - In North Carolina. This program is administered by the Division of Special Services, North Carolina State Department of Public Welfare.

PACE is a coordinating effort between the local high school guidance counselor, the local student's individual college, the local agency working the student, and the local volunteer PACE coordinating committee which places the student. Through PACE, these young men and women were able to work and perform a service to this county in local agencies and earn a large portion of their expenses to begin or continue their higher education.

During the summer of 1968, through PACE, students of Cleveland County earned approximately \$16,802.00 towards their education. George Newman, Box 1284, Shelby, is serving as the local county coordinator. Inquiries from interested agencies who would want to place students, or students interested in summer work under PACE, should contact the local coordinator for further information. Application blanks for PACE may be obtained through the local coordinator's office, the local high school Guidance Counselor, the college Financial Aid Officer, or the local County Department of Public Welfare.

This past summer 1,999 North Carolina students from 60 colleges and universities, working in 758 different agencies, earned over 1.2 million dollars towards their higher education under PACE.
