Telephone Talk

By R. B. MOORE

HOME IMPROVEMENT WEEK?

Everyone appears busy getting ready for the May flowers. Now is a good time, with our wonderful weather, to make your community really beautiful. If every homeowner would cooperate to make improvements and beautify his property — What could the results really be? Give it a try and you'll be the better for it.

THE NUMBER GAME... Has it ever occurred to you what a unique item your complete telephone number is? The complete number is your Area Code plus your phone number. Dialed correctly, it selects your telephone, within seconds, from more than 100,000,000 phones in service throughout the entire nation. How's that for personalized phone service? Seems fantastic. And it points up the importance of including the Area Code when you give your number to out-of-town friends, or when you have it printed on your stationery.

AND, SPEAKING OF GAMES—have you heard about the ingenious Little Leaguer who commanded the family phone book and used it as a chest protector? Actually, of course, telephone directories don't guarantee protection against wild pitches—but they do protect you against wrong numbers. It's always a good practice to look the number up first, then jot it down and dial it carefully.

SUBSCRIBE TO THE HERALD

At this time I would like to thank my friends for their confidence and support in me and for voting for me in the past elections. I would like to continue to serve and represent the people of Kings Mountain as Commissioner of Ward Two. In the forthcoming election, I would appreciate your vote and support. It would be a honor for me to remain in office until some of the much needed projects for our town are finished.

NEEDING YOUR SUPPORT AND PRAYERS
W. S. BIDDIX
COMMISSIONER FOR WARD TWO

GROVER COMMUNITY NEWS
