Fried Chicken Is Favorite For Summer

Hello girls! It's cooking time again. You know, it's surprising how many of us would like to be able to fry really good chicken, so this week the North Carolina Poultry Federation brings you "Southern Fried Chicken," courtesy of Mrs. Lester Maddox, the first lady of Georgia. It is only appropriate that Mrs. Maddox's favorite recipe would be fried chicken since Georgia leads the nation in the production of chickens and is known as the poultry state. Mrs. Maddox adds her extra touch in the eggs and milk she dips the chicken in. This helps create a true crusty crust and keeps the chicken oh so moist and juicy.

SOUTHERN FRIED CHICKEN

1 2 1/2 pound chicken
1 cup milk
2 cups shortening
2 eggs
1 cup flour
salt and pepper
Cut chicken in 8 serving pieces, salt and pepper chicken. Beat eggs and milk together. Dip chicken in egg and milk mixture. Drain and roll in flour. Heat shortening in skillet until sizzles a drop of water. Start meaty pieces first with bony side up. Don't crowd pieces. Cover and reduce heat gradually after browning begins. Turn two times with fork or tongs. For crispness uncover skillet for last 5 minutes.

As you do your grocery shopping for next week, pick up one of those loaf angel food cakes, and we will try something new—Angel Lemon Cake. It is quick, easy, and delicious. Hope you and your family enjoy your Southern Fried Chicken. I know you will.

Survey Set On Employment

A sample of residents of this area will be included in a nationwide survey of employment and unemployment to be conducted during the week of June 15 by the Bureau of the Census, U. S. Department of Commerce, according to Joseph R. Norwood, Director of the Bureau's regional office in Charlotte.

The monthly survey is conducted by the Bureau of the Census for the U. S. Department of Labor, and the information is used to calculate the number of persons with jobs, the number of people looking for jobs, and the monthly percentage of unemployment, which is regarded as one of the most important measures of the Nation's economic health.

The information is used for established purposes only, and facts about each family are kept completely confidential.

Census Bureau interviewers who will visit households in this area are:

Mrs. Ethel S. Rockett, 908 South Street, Gastonia, N. C. 28052.

Mrs. Jacqueline H. Goforth, 1301 Montrose Drive, Shelby, N. C. 28150.

Since wall fasteners come in assorted sizes and capabilities, make sure you select the right ones for your needs. Fasteners are generally rated by the weight they can support and the kind of wall they are to be used in, i.e. hollow or solid. Hollow-wall fasteners come in short, long and extra-long, the choice depending on the thickness of the wall. When in doubt, buy the medium-length fastener, the one designated as long.
