

Mercier, Stubbs Win Promotions

Douglas Mercier has been appointed Sales Manager and Tony Stubbs has been promoted to Sales Representative according to a recent announcement by Forest Hudspeth, General Manager of the Kinder Manufacturing Company, Inc. facility in Ocala, Florida.

Mercier began with Kinder in February 1969 in Kings Mountain, North Carolina as a Sales Representative. He was transferred to Ocala in January 1970 and served in the same capacity until his recent promotion.

Douglas resides with his wife, Wendy, at 1745 N.E. 2nd Street in Ocala, Florida.

Tony began with Kinder in 1964 in Americus, Georgia, working in the night shift while attending college. He served two years in the military police corps and was stationed in Germany. He returned to Ocala in September 1970 as a production trainee. He transferred to Kings Mountain in January 1971 and was promoted to Sales Representative in February 1972.

Stubbs resides with his wife, Sue and daughter at 4612 N.E. 21st Court in Ocala.

Kinder is a manufacturer of upholstered furniture, bedding, dinettes, and case goods for the Mobile Home Industry with 17 plants located nationwide and home offices in Elkhart, Indiana.

PROMOTED — Douglas Mercier, top, has been appointed sales manager and Tony Stubbs has been named sales representative by Kinder Manufacturing Company.

Not Too Late To Make Will

It's time to follow through on that New Year's resolution to draw up a will in 1972. If you didn't make that resolution, it isn't too late.

The will gives you, the individual who developed the estate, the opportunity to determine how it will be transferred at your death. It provides a degree of protection and convenience for your family.

Dr. R. C. Wells, extension farm management economist at North Carolina State University, offered the following observations on wills that could help clear up some misunderstandings that often exist.

First, a will is a legally enforceable declaration of how a person intends his real and personal property to be distributed at his death. It can be changed during a person's lifetime and doesn't take effect until after death.

Second, under North Carolina law, any person of sound mind and 18 years of age or over may make a will.

Wills which require no witnesses are called "holographic wills." To be valid in North Carolina, holographic wills must be entirely in the decedent's handwriting and signed by him. In addition, it must be found among his personal effects or in the hands of a person or bank, etc., entrusted with its safekeeping.

Oral wills are spoken during the testator's last illness before at least two witnesses who are simultaneously present. The oral will is valid to convey personal but not real property.

North Carolina statute required that an oral will be converted to writing within 10 days from the speaking of the will or be probated within six months from the date of making the will.

The witnessed written will is drawn up by an attorney. The testator signs the will in the presence of at least two competent witnesses. This process results in a formally executed will.

Meeting with an attorney and having him draft the will safeguards a man's property in the event of an untimely death. Dr. Wells emphasized, "The fact that an attorney drafts the will doesn't change the specific intentions you may have as to how property is to be distributed." Dr. Wells said.

Winn-Dixie Sales Show Increase

Sales at Winn-Dixie supermarkets advanced 15.25 per cent during the four weeks ended Feb. 5 compared with the corresponding period last year.

They totaled \$148,635,407 versus \$128,970,375, an increase of \$19,665,032. For the 52 weeks ended Feb. 5, the volume was \$1,035,647,215 compared with \$931,393,153, a gain of \$104,254,062 or 13.96 per cent.

The company operates 837 stores throughout the south compared with 827 a year ago.

PRE-SEWN BUTTONS Patches with pre-sewn buttons have recently come on the market. The patch is iron-on and repairs the spot where the old buttons has pulled off. Patches are almost invisible and the pre-sewn buttons are there to stay.

"In addition, we incurred higher administration costs during the year as part of our program to add other factories to our operations, to enable us to regain our growth momentum."

An eighth De Rose plant under construction at Owatonna, Minn., is scheduled to begin shipping mobile homes by mid-year, and marketing studies to select suitable sites for other locations have been initiated, he said.

DeRose Report Reflects Decline

INDIANAPOLIS — De Rose Industries, Inc., reported a net earning decline for the year ended Dec. 31, 1971, to \$33,584, equal to 61 cents per share, from \$1,114,403, or 77 cents per share, in 1970. Sales were \$26,022,627 compared with \$23,235,971.

the navy recruiter for the Kings of the mobile home manufacturer said start-up charges for new production facilities in Kings Mountain, N. C., and Memphis, Tex., reduced profits.

"In addition, we incurred higher administration costs during the year as part of our program to add other factories to our operations, to enable us to regain our growth momentum."

An eighth De Rose plant under construction at Owatonna, Minn., is scheduled to begin shipping mobile homes by mid-year, and marketing studies to select suitable sites for other locations have been initiated, he said.

FLIM FLAM

It has been speculated that Americans spend at least a billion dollars a year on worthless health food, gadgets and cures, report extension home economics specialists, North Carolina State University.

we care

HOW DOES A&P FEEL ABOUT CONSUMER PROTECTION?

Concerned . . . very concerned! If we weren't, we would not have an unconditional money-back satisfaction guarantee on every product we sell . . . no matter who makes it.

If we weren't, we would not have established, decades ago, our "Quality Control Laboratory".

How does the laboratory protect you? Well, at A&P, we're pretty fussy about the products we sell. So, before we will stock a product, we check it out pretty carefully. Our lab has checked thousands of products. If they don't think the product measures up, you'll never find it on an A&P shelf . . . no matter who the maker is, or who is behind the product.

It's not always easy to care but A&P doesn't care to be easy. A&P does care about you.
