Morrison Is Leaser For Maytag

Newton, Iowa — F. Scarr Morrison, president of Associated Laundry Sales, Inc., has been exclusive operator in the Charlotte area of an appliance leasing program for owners of multiple dwelling complexes.

The firm is located at 206 W. Ridge St., Kings Mountain.

Believed to be the first Laundry appliance leasing program of its kind, the plan gives apartment owners the opportunity to offer Maytag laundry equipment to each tenant.

Advantages of such a program to the apartment owner, in addition to the fact that he can offer individual facilities, are that he need not make a cash outlay for the appliances, nor need he be concerned about servicing the appliances. Servicing is the responsibility of Associated Laundry Sales, Inc.

There is a growing market for a laundry leasing program, according to Maytag company research. It is estimated that at least 10 million multi-family housing units will be built in the next decade and many of these will be equipped with domestic laundry equipment in each apartment.

The Maytag company expect the lease program will develop to the extent that it will eventually involve Maytag's kitchen appliances—dishwashers and disposers—as well as the laundry equipment.

In Memory

He Was Somebody
In loving memory of my uncle, Jack E. Gaddy.
With heavy heart I write this tribute,
To a man whom we loved,
I know that through the years,
Folks have had a lot to say;
But, oh how different things might have been
If these folks had only prayed.

A saint he was not—he was just a human mold;
He made friends so easily and had a heart of gold.
But some have said he was no good—
Oh, if they could have only understood.
He'll stand before a just and merciful God.

How many showed him these as on this earth he trod,
As Jack stands before a God of Justice and mercy
So will those who condemned and judged.
And as those who loved him go on from day to day.

We ask ourselves "why were things this way?"
God will, in time, dry our tears,
For we all know that He really cares.
Yes, it's true, we felt real pain;
But here's one thing let us make plain.

He was loved —
He was SOMEBODY.
