The Most Exciting Watch Since The Beginning Of Time!

Reg. \$99.95 only

\$39.77

COMPUCHRON is the space-age answer to the age-old problem of truly accurate time-keeping. Engineered with no moving parts, this watch has nothing to adjust, nothing to wind, nothing to go wrong. The battery-powered micro-miniature integrated circuit gives you the most accurate timekeeping ever. Just touch a control for a brilliant ruby-red read-out of date, time, and countdown of seconds. Designed to be antimagnetic, water, and shock resistant, this watch is fashioned as elegantly as the finest jewelry. The time machine of tomorrow is yours today — at this amazing special price.
