

Citizen Blasts City Council

(From Page 8A)
the police department alone!
I, for one, would like to know how many people would give up their present job to take

the job of a police officer in Kings Mountain for the pay that they receive let alone accept the responsibility of the Chief of Police and for the insufficient salary that he receives for his services. This man is on duty twenty-four hours a day, seven days a week. He is called out at all hours during the night and has a number of decisions to make that you or I would dare not to make.

It is obvious to me that there is also a lack of communication

among our elected officials. Why is it so difficult for an individual to get an answer to a simple question such as a pay raise. Each time he is assured that it will be discussed with each commissioner. The response was always negative. Yet when one of our city fathers is approached and questioned about this, he seems to know

nothing about it. Is this a lack of communication or is this just "passing the buck?"

To me, we the people of Kings Mountain have lost a very good and well qualified man for chief of police. Now why don't the commissioners take the chief's job and see if they can do any better and save the taxpayers a little money?

CORRECTION

The Mirror-Herald inadvertently listed the bridegroom's name as John Langley instead of Jerry Langley in a Tuesday news story of his marriage July 28 to Gloria Hull Hughes. Mr. and Mrs. Jerry Langley were wed at 7:30 p. m. in Boyce Memorial ARP Church Ladies Parlor. The bride is the daughter of the late Mr. and Mrs. George Hull of Kings Mountain. Mr. Langley is son of Mrs. Geneva Langley of Shelby and the late Mr. Langley. The Mirror-Herald is happy to make this correction.

Rev. Kenneth George, director who is also coordinator of the depot center, also reminded that local farmers can sign an agreement for market space and pick up a set of rules for offering their farm products to the public there. Hours of operation or use market will be adjusted as needed.
