The board took similar action on purchase of materials for storm drainage pipe on Ark Street and adjacent areas, with the city providing pipe and engineering and the state doing installation work. This project calls for 180 feet of 30 inch pipe and 300 feet of 36 inch pipe for a total cost of materials the state will provide at \$11,120 with the city paying \$4500 to take care of drainage area off the right-of-way from N. C. 216 and the low-lying areas, Engineer Moretz explained.

"Drainage is a real problem in these areas that we need to correct," said Moretz.

The board took the recommendation of the city planning and zoning board and rezoned from N-B to R-8 property of W. James Carpenter at 102 N. Dilling St. The matter had been tabled from a previous meeting.

Upon request of Southern Railway Co., the board voted to post signs on Linwood Rd. from Cleveland Ave. to Piedmont Ave. restricting low body trucks. Mayor Moss said these trucks sometimes get hung on the tracks and delay train traffic, of times result in accidents.

The board authorized the use of the Southern Standard Housing Code, 1976 Edition with 1977 addendums to "keep abreast," said the mayor, "of the codes and bring them up to date in compliance with requirements in housing programs."

Certification of results of the recent municipal run-off election was made. J. J. Dickey received 199 votes in East Kings Mountain, 395 in West Kings Mountain. Fred J. Wright, Jr. received 257 votes in East Kings Mountain precinct and 290 in West. Total vote was 596 for Dickey and 547 for Wright. Darwin Moss received one write-in vote at the West Box.

Following a public hearing, the board approved petition from Otha and Betty Campbell to rezone from R-8 to neighborhood business property at 902 Second St. for a small store.

The board contracted with the N. C. Department of Natural and Economic Resources for assistance with the city's energy program and community development program in the amount of \$10,000, \$6,000 of which would be earmarked for assistance and planning of the community development program and \$4,000 to be used in the solar energy program.

The board transferred taxi cab, franchise from Ruby Turner Hord to Delora Biddix Queen.

It referred to the traffic flow committee for study proposals for posting new parking sign on Stroupe Alley in the area of Amos & Sons and Stroupe Barber Shop.

Over 55? Then KM Needs You

The City of Kings Mountain will employ seven citizens over 55 years of age under the Title IX SCSF program, according to Connie Putnam of the Kings Mountain Aging Program, who is receiving applications.

The new job openings are available immediately, seven in the Kings Mountain area and three in the Shelby area.

Citizens who want to apply should contact Mrs. Putnam at the Depot Center daily between 9:30 a. m. and 2 p. m.

Previous experience is not necessary, said Mrs. Putnam.

Book Week Is Observed

Since this week is National Children's Book Week, Mauney Memorial library is beginning a program of giving a child a special bookmark with the name, address, library hours and other information on it.

These attractive bookmarks have been donated to the library by Brownie Scout troop 32 of First Presbyterian Church.

Some good books for reading aloud as a family project that were selected by the Office of Children's Services of the New York Public Library are as follows: Charlotte's Web; The Hobbit; Alice's Adventures in Wonderland and Through the Looking Glass; The Merry Adventures of Robin Hood; Stories From the Bible; Wind in the Willows; The Velveteen Rabbit; You Come Too; Favorite Poems for Young Readers; The Adventures of Pinocchio; A Child's Garden of Verse; New Illustrated Just So Stories; Rootabaga Stories.
