

About City Codes

Do You Have Questions?

City Codes Director Al Moretz said his office is receiving complaints from the street department concerning curb pickups.

The complaints concern tree limbs, Moretz said.

"Under the city codes (Section 10-29), it is spelled out how citizens are dump such things as tree limbs, cuttings and the like for pickup by city crews," Moretz said. "If citizens have questions on the codes they should contact the

codes office for information." The code states:

(A) Tree limbs, cuttings, shrubbery, etc., of more than one load will be hauled at such times as trucks are available; provided, that such limbs, etc., are cut in lengths that can be handled by two men, and placed on the front corner of the owner's or tenant's property nearest the street right-of-way. Lawn trimmings shall be placed in boxes or cans for pickup.

(B) The city shall at no time remove or assist in the removal of tree stumps resulting from the clearing of property of any kind. It shall be unlawful for any person to place or deposit or to otherwise cause to be placed or deposited any tree stump in the city dump at any time.

If Kings Mountain citizens have any question concerning city codes, The Mirror-Herald will be pleased to publish the code information.
