

**In Search of The Living God**

By **DON KISTLER**

**The Great Pyramid**

(PART ONE)

The name Egypt has suddenly come into great prominence both in print and over the air waves. How does it happen that this, perhaps the oldest continuously existing country in the world, is still playing such an important role in world affairs? For some unknown reason God has had special interest in that land and time after time He has used it in connection with His chosen ones.

Abraham sojourned there because of a famine in the land of Canaan. His great grandson, Joseph, was sold into slavery in Egypt but God elevated him to the position of second ruler of the country. Joseph's father, Jacob, and his eleven brothers and their families moved to Egypt and their descendants remained there 400 years. Moses was born in Egypt and the Lord made him the great deliverer of the Israelites, bringing them back to the land of Canaan. Jesus, as a young child, was taken to Egypt for protection from Herod.

Now again God is going to use Egypt as a witness that the return is drawing near.

Isaiah the Prophet wrote: "In that day shall there be an altar to the Lord in the midst of the land of Egypt, and a Pillar (monument) at the border thereof to the Lord. And it shall be for a sign and for a witness unto the Lord." (Isaiah 19:19-20)

This altar can be none other than the Great Pyramid of Giza - Giza meaning 'border' (Border of the great Sahara Desert). For thousands of years it has been disguised as a tomb, which it never was, and now that "that day" (the day of the Lord's return) is at hand, God is revealing that He was the Divine Architect of this amazing edifice incorporating into its construction His Divine Plan for the Ages thousands of years before most of it would take place. It is literally the Bible in stone.

We certainly cannot argue with God as to why He chose to have the Pyramid built in His infinite wisdom, He saw that it was necessary and if in these perilous days at the close of this age, we neglect or ignore the Pyramid, we will miss something valuable which God has specially intended for us. This is a scientific age that will give ear only to scientific answers so thousands of years ago God made provision for the Great Pyramid to display proof of His existence and His plan and the truth of the Bible on a scientific basis. So great is the spiritual power of God's inspired Pyramid that many have been brought to Christ through it, when even the Bible, at first, did not draw them.

No other edifice on earth has attracted so much careful attention yet not a single word is carved on its walls. As with God's written word, Satan has done his best to misinterpret, to confuse and even to cast aspersions upon those who have found the true meaning. As a result, few people know the wonders that the Pyramid reveals.

It is built on the Exact Center of all the land area of the world and is only off three minutes of a degree from true north. Even with modern astronomical equipment, such nearly

perfect orientation would be hard to secure. Therefore, God had to be the Architect for it would take man 4,000 years and more before his knowledge would be such that he would be able to even prove the great scientific knowledge incorporated in the construction.

Although no one knows who the actual builder (or builders) was: verse 25 of Genesis 10 gives a hint that it could have been Almodad, nephew of Peleg in "whose days was the earth divided."

It is such a fantastic piece of work that to this day no one has been able to figure out how it was built; how the more than 2,300,000 blocks, averaging approximately 2 1/2 tons each, could have been cut, smoothed and lifted into place; and the entire edifice encased with approximately 144,000 highly-polished, white, marble-like stones (some 16 to 20 tons each) fitting together with joints of only 1-50th of an inch which were filled with a thin film of cement that cannot be duplicated to this day for tenacity. An ancient writer described this dazzling white edifice as seeming to be a "building let down from heaven, untouched by human hands".

There is enough masonry in it to construct 30 Empire State Buildings, or a three foot high and one foot thick wall extending 5,360 miles. It has been estimated that the huge cathedrals of Florence, Milan, and St. Peter's Basilica in Rome as well as Westminster Abbey could be set within the confines of its base.

It is 5,449 inches high which is the exact sum of the numeric value of the original Hebrew words of the Isaiah 19:19-20 text telling about the "altar to the Lord". (Each Hebrew letter is also a number so all the letters in the verse added together equal 5,449, which is the "numeric value").

The top Stone would be a Perfect Pyramid in itself and fitted in place would Point Only To Heaven; but without it the entire building is not complete, and the Top Stone of the Pyramid was Never Placed, being Rejected of the Builders.

Jesus was the Head Stone - the only mediator between God and man and pointed only to His Father in Heaven. He was rejected by the builders but is to become the "head of the corner" "the chief corner stone on whom all the building fitly framed together groweth unto a holy temple in the Lord."

No other type of building could have one stone be the "chief stone" over all corners and sides, and the Head of the Corner indicates its top position.

**PART TWO ON TUESDAY**

**ROTARY PROGRAM**  
Sonny Peeler will present a program on the Kings Mountain extended day school at today's noon luncheon of the Kings Mountain Rotary Club. Bill Russell has charge of arranging the program. The club meets at the Kings Mountain Country Club.

**NO DANCE SATURDAY**

There will not be a dance at the American Legion Post 155 this Saturday night. The Mirror-Herald reported erroneously in Tuesday's paper that a dance was scheduled this weekend. The dance was held last Saturday.

**VBS Is Scheduled**

Kings Mountain Pentecostal Holiness Church will conduct a Vacation Bible School June 18-22 at 8:30 p.m. The school will be conducted by the Rev. Paschal Christopher and family of Lake City, S.C.

The Christophers have had an effective ministry among youth using puppets to convey Bible stories. KM Pentecostal Holiness Church is located at 508 Branch St.

**City Offers Jobs**

Applications are being accepted at city hall for two positions as meter readers beginning at 9 a.m. today. Mayor John Moss said the city is interested in women making application because the governing body wants more women

involved in local government. Ms. Katie Wilce in the mayor's office is handling the applications from men and women. The meter reader positions are four fulltime, permanent employment.
