Enrollment Is Record

BOLING SPRINGS, N.C. - Gardner-Webb College has again recorded an all-time high enrollment of summer school students.

The major contributing factor to this increase is the college's Greater Opportunity for Adult Learners (GOAL) program and growth of the Graduate Program.

Figures for the first session of summer school indicate that GOAL students make up over half the overall student enrollment. 550 students are enrolled at Gardner-Webb this summer. 228 of those students are in the GOAL program. Summer school graduate students grew from 31 in 1982 to 68 this summer.

WHY SO MANY PEOPLE FEEL AT HOME WITH A FIRSTRATESM MORTGAGE.

We've done it for lots of people.

And First Union can show you the way to afford a home, too.

A FirstRate Mortgage.

It's the one that gives you all the advantages of an adjustable mortgage loan. For instance, there's no need to go to the trouble and expense of refinancing if interest rates drop. Because the interest rate for your loan is automatically adjusted quarterly.

And a FirstRate Mortgage from First Union gives you other advantages, too. Like monthly payments fixed for 5-year periods. And a limit on the percentage your payment can be adjusted.* So it's easy to plan a home-buying budget.

Stop by your nearest First Union office and take a closer look at a FirstRate Mortgage. It's opened the door for a lot of people.

And it can do the same for you.

Why Are
Our N. C.
Schools
In Trouble?

Is This Why The N.C. Teachers Association Said:

"The Governor's program does more for Hunt's political image than for education"?

The Charlotte Observer Reported:

"In Hunt's view, education and politics have always been intertwined."

A Hunt Aide Boasted:

"He plays those teachers like an accordion."

N. C. School Boards Association Stated:

Hunt's NEA Union Dues Bill (S.B. 515) is "extremely dangerous," "would damage public education" and "do considerable harm."
