# ALARMING???! BUT TRUE!!!

**FACT:** A 1984 study of seventh graders reports 43 per cent had drunk beer and 23 per cent had drunk hard liquor. (PRIDE - Parent Research Institute For Drug Education)

**FACT:** 3.3 million drinkin teen-agers from 14 to 17 (nearly 1 in 5) are already developing signs of serious alcohol-related problems. (National Council on Alcoholism, INC.)

**FACT:** Almost 10,000 young people die each year in alcohol-related accidents. (NCA)

**FACT:** Children start drinking because of:

1. Peer pressure
2. Belief that drinking is adult
3. Example set by relatives and other adults
4. Easy availability of alcohol.

(NCA)

Voting for the sale of alcoholic drugs will...present a terrible example for children and make alcohol easily available!

**Will You Contribute To Drinking By Your Children??? NO!!!!**
