KM Jayvees At Bessemer For Opener

Kings Mountain High's jayvee football team opens 1980 play at 7 p.m. tonight at Bessemer City.

Coach Charlie Burns, entering his third year, is working with 29 players who are mostly inexperienced and learning the high school's I-formations.

"But they've come a long way," said Burns. "They're looking real good for this stage of the game but they still have a lot to learn."

Burns said he'll likely play a lot of different players since the jayvees have not had the opportunity to scrimmage another team.

"We've scrimmaged only among ourselves, and you really need the game situations to improve," he said. "I'm anxious to

All-Star Game Slated

Former college and professional basketball players from the area will face the Gardner-Webb Bulldogs in a charity basketball game Sat., Sept. 6 at 8 p.m. at the Kings Mountain Neighborhood Facilities Center. The game is being played to

help raise funds for a Universal weight machine for the new physical fitness room at the NFC. George Adams, athletic director for the Kings Mountain Parks and Recreation Department, and a former All-

American forward at Gardner-Webb, heads up the list of area all-stars. Adams played several years for the San Diego Conquistadors in the American Basketball Association.

Where's the smart money going these days?

In today's unstable economic environment, many people seem to be in the dark about what to do with their money.

We'd like to shed a little light on that subject.

Save. It's the smart thing to do today.

Today, no matter what other investments they may make, most Americans tend to agree on one point: *it's important to have a healthy savings fund.* And while there's no single savings plan that's ideal for everyone, there are a number of factors you'd be wise to consider when choosing yours.

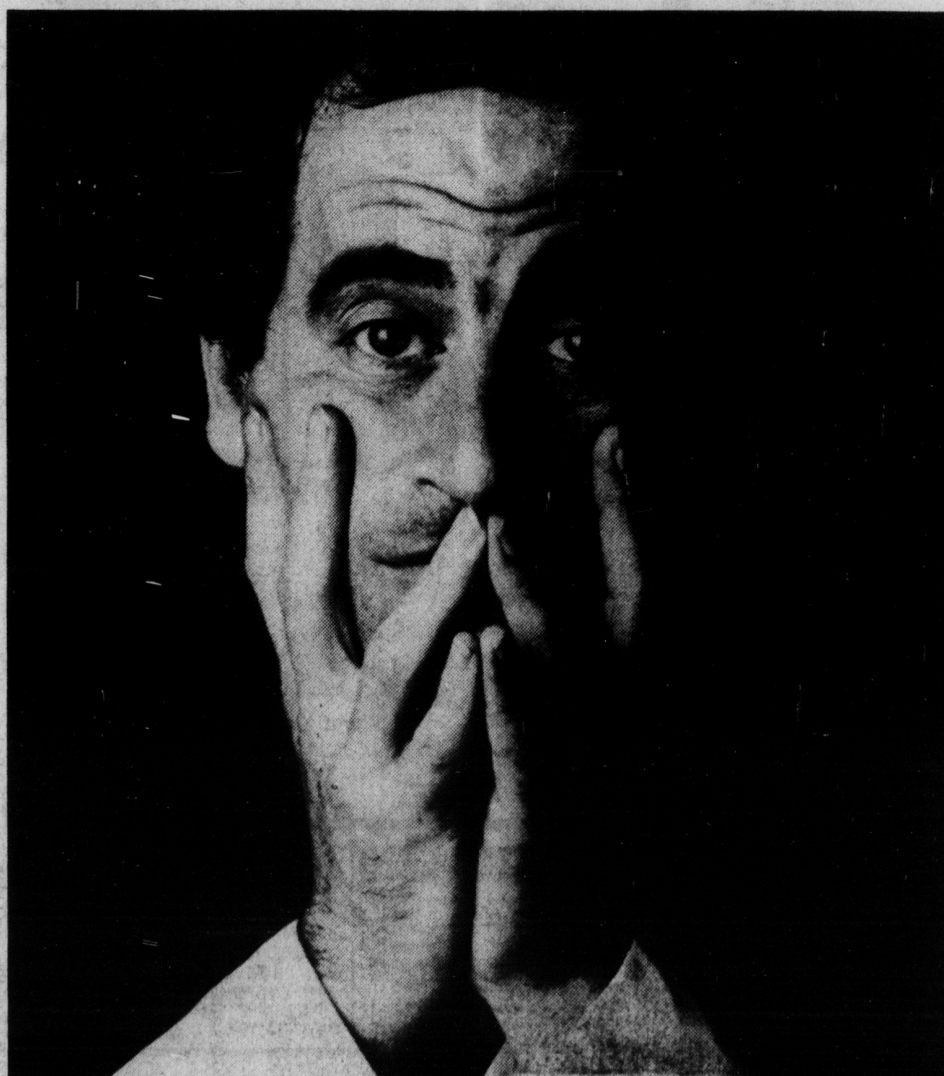

Like the interest rate, for instance. At Independence National Bank, we pay the top bank interest rates allowed by law.

Nine ways you can save.

Interest rates are important. But they're not all-important. You also want flexibility. You need a savings plan that can change with your changing requirements.

Independence can fill this need, too, with one of nine different savings plans. Each plan has features to fit your individual savings goals.

At Independence, you get the flexi-

bility that you and your family need.

Security is part of the plan.

Unlike many investments, an Independence savings plan comes with built-in security. All of our plans are insured up to \$100,000 by the Federal Deposit Insurance Corporation. And that's insurance you can depend on.

Which leaves one final point to consider when you're choosing a place to save.

Professional advice. You can't put a price tag on it.

You deserve professional advice. Advice you can trust about how to make your money work its hardest in today's confusing economy. At Independence, we have professional bankers who have the answers.

Rate. Flexibility. Security. Professional advice. That's why you should talk with an Independence National professional banker.

And find out where the smart money is going these days.
