

## Public Hearing Is Slated

GROVER-Town commissioners continued a workshop session Tuesday night on proposed new ordinances which they hope to adopt in November.

Public hearing has been called for Tues., Oct. 14th, at 7 p.m. in Town Hall for citizens to give input into the proposed ordinances.

Commissioners talked at length about a new animal ordinance, which would, in effect, become the town's first leash law,

and said the law would prohibit dogs and other animals running loose, give requirements for pens, coops, stables or enclosures for dogs, horses, goats, hogs, cats, livestock, poultry, turkey and other fowl and animals. Notices would be posted after the ordinance is approved and citizens would be given 60 days to comply with the ordinances.

The proposed new ordinances will also cover junk removal on property, abandonment of cars

and other household items such as junk refrigerators, dismantled furniture and ice boxes, among other items. The ordinance would also control accumulation of rubbish, trash, grass, or junk.

In other business, the board established a \$20 permit fee to locate trailers within the town limits and received two applications for police chief, setting up interviews for the job this week.

## Groundbreaking Service Held

A MEDITATION  
For the NEW AGE

JUST FOR TODAY ... I will overcome the problem of age. I will banish from my mind the idea that I am too old - or too young for anything. I will know that age is but a mental state and treat it accordingly.
