Kingsdown Diamond Edition as low as **\$99.50**  
Ea. Pr.

For years all you heard about mattresses  
was, "The firmer the better. The old back needs  
support."  
Then mattresses with a special soft surface  
were introduced, and manufacturers were firm.  
"You don't have to sleep on a hard to get firm  
support."  
True. You could have all the deepdown  
firmness your back needs without sleeping on  
a hard surface that makes your muscles and  
joints ache in the morning.  
Unfortunately, paying for it could break  
your back all by itself.  
Not anymore. Kingsdown now offers the  
exclusive pillow-top Diamond Edition. And for  
limited time only, it's on sale.  
Prices start as low as **\$99.50** (a single  
piece). If you want firm support and a cushion,  
comfortable surface, you're no longer stuck  
between the rock and the hard place.
