

# "I Speak For Christian Citizenship"

EDITOR'S NOTE: The following essay was written by Miss Eleanor Nunn, an honor student at the J. W. Ligon Junior-Senior High School here. Miss Nunn has entered a contest sponsored by the International Society of Christian Endeavor. The purpose of the contest is to promote Christian principles among men and encourage youths, editors and entire communities to speak for Christian citizenship. She is the daughter of Mr. and Mrs. Charles Nunn, 1036 S. Person Street.

No doubt you have heard the word, "Christian citizenship" used at various occasions. But have you ever wondered what Christian citizenship really means? According to Webster, Christian means "of or pertaining to Christ or the religion based on Christ's teachings." Citizenship is that quality of an individual which helps him to have greater acceptability to our society. Christian citizenship then would mean those small qualities learned at home and in the church, beginning with the Ten Commandments which tends to mold a character that is most pleasing to others.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment, with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Although we feel that we have acquired the qualities of a good Christian citizen, many of us have more to learn than we have years to live. First of all, Christian citizenship should be displayed in the homes by the parents. There is no need to evade the fact that about three-fourths of everything a child does he has seen displayed by his parents. Yet they seem puzzled when their children misbehave or use profanity.

Parents, you shouldn't be amazed for perhaps you have mislead your child. Therefore, it is of great importance that only the finer Christian qualities be presented by you. So when a five year old child is seen struggling to open a door for

an old lady, he will merit a smile for he is beginning to unfold the qualities of a Christian citizen.

In addition, a good Christian citizen is also able to give advice and aid in the combating of those undesirable influences and habits taken on by their fellow friends. Many times habits such as gambling, drinking and committing crimes are done by people to compensate their business knowledge of Christian living. Many youths would prefer wholesome recreation directed by the church rather than gambling in an alley. It is simply a keen method of approaching these youths who have deviated from our Christian principles.

With this in mind we must admit that a person who possesses good Christian citizenship is an asset to any society. For "God works do not make a man good but a good man does good works."

In 1937, North Carolina dairy milk and 200 pounds of butterfat, cows averaged 8000 pounds of milk. For the first time a quality index has been developed for fluid-cured tobacco varieties.

## Bishop Jones Flies To Foreign Lands To Check A.M.E. Zion Work

NEW YORK CITY — Bishop R. L. Jones, who has charge of the work in the 4th episcopal district, A.M.E. Zion Church, which includes the Virgin Islands and South America, took off from Idlewild International Airport, Thursday night, to check the work in those two countries. While there he will hold the annual conferences.

He took a delegation in order that they might get first-hand information which would be brought back and presented to

the general church to promote expansion of the work in those areas.

Other members included were: Dr. B. Franklin Jackson, pastor of John Wesley A.M.E. Zion Church, Washington D. C. who will study religious political and economic conditions of the two countries. S. L. Lowery also of Washington who has charge of the Boy Scout work in the Fourth District. Mrs. Lowery is also a member of the delegation. Dr. J. W. Watson, Lancaster, S.
