POINT OF ORDER

QUESTION: What is the purpose of raising a point of order at a club meeting?—A Reader.

ANSWER: In the business procedure of a club meeting, errors will creep in. One of the ways to call attention to such errors is to raise a "point of order." Suppose for a moment that the chairman has put before the house a question that did not get a second, and yet it was being discussed. One of the members might recognize this error and say:

"Mr. Chairman, I rise to a point of order."
