Sugar Ray To Defend Middleweight Title In Fall

Germany's Gustav Scholz Seen As Likely Opponent

NEW YORK — (ANP) — Sugar Ray Robinson told reporters here that he will definitely defend his middleweight title in September, possibly against Germany's Gustav Scholz in Berlin.

Robinson revealed he had received a "big offer" from Germany to fight Scholz and that he might take it.

Other offers have come from England, to fight Terry Downes, the British champion, in London.

However, the National Boxing Association's vacating of Ray's title still stands. The N.B.A. has already announced it will recognize the winner of the Gene Fullmer-Carmen Basille to fight in San Francisco on August 28 as the middleweight champion.

Obviously piqued over the issue, Sugar Ray commented, "I'm still the champion in New York, Massachusetts, Pennsylvania, Cuba and Europe."

"Recently Scholz knocked out Charlie Humez, who was always rated a top contender."

"Earlier I was set to fight Scholz, but the New York Commission told me he wasn't a fit opponent. Now, maybe the commissions will change their opinion about European fighters."

Sugar Ray predicted that Johansson would repeat his knockout of Patterson "unless Patterson learns some new tricks."

SCEF Issues A Statement On Civil Rights

SHREVEPORT, La. — The following statement was issued by the Southern Conference Educational Fund, Inc., a Southwide integration organization, after U. S. Judge Ben C. Dawkins restrained the Civil Rights Commission from holding hearings July 13th on violation of voting rights of Negroes.

The statement was issued by Dr. James A. Dombrowski, New Orleans executive director of the SCEF, and Carl Braden, Louisville, Ky. SCEF field secretary, who were here for the hearings. They said:

"Judge Dawkins' concern for the rights of witnesses is commendable, but we wish he showed as much concern for the rights of the Negroes involved in this action. His opinion covering five newspaper columns makes no mention of the plight of these Negro Americans."

"Judge Dawkins shows concern for rights of registrars which might be violated. He ignores the fact that rights of tens of thousands of Negroes have been violated, and these violations are the occasion for the proposed hearings by the Civil Rights Commission."

"These Negroes are victims of a conspiracy by state officials who have cynically and publicly boasted that they will purge 90 per cent of the Negroes now on the voting rolls in Louisiana."

"If Negroes deprived of the ballot cannot get relief from these state officials or from a federal court, where are they to turn or relief? They must get help from the Justice Department armed with new civil rights legislation which has teeth in it."

"We therefore call upon the President and the leaders of both major parties to use their influence to get such legislation passed at this session of Congress."

EVEN CHAMPIONS CAN BE HURT — This shot of Don Jordan shows a recoil effect immediately after challenger Danny Moyer, dark trunks, lands a solid 12th round right. It also shows the stamina displayed by the 19-year-old challenger in his unsuccessful attempt to unseat the welterweight king. The decision went to Jordan. (UPI TELEPHOTO).

Clowns Are Packing 'Em In All Over

PHILADELPHIA (ANP) — The Indianapolis Clowns, playing their 30th barnstorming tour, are reportedly breaking attendance records in their cross country tour.

According to figures released here, the Clowns, on the western swing, broke attendance marks at more than a dozen ball parks. They have also raised over \$5,000 for charity and stimulated interest in cities where fans had never before seen an attraction like theirs.

The Clowns' opponents on the tour are the Georgia Flyers, whom they will face in Griffith Stadium, Washington, D. C. July 23. In their last appearance in the Capitol city, they outdrew the Washington Senators in comparable figures for a one-day stand.

Other dates on the Clowns' schedule are July 24, at Baltimore, Md.; July 25, at York, Pa.; and July 25, a return engagement at Conic Mack Stadium, Philadelphia. On Sept. 1, the Clowns will fill a rain-out engagement at Forbes Field.

Something new has been added to the Penn Relays. The Big Fifty College Invitation One-Mile Relay series will close the program. The fastest six teams make a run for the relay championship of America on April 25 while four other races will be run with teams selected on basis of performance this year.

Native Of Rocky Mount:

"Puddin' Head" Jones Dies Of Heart Attack

WASHINGTON — (ANP) — Alford T. Jones, a well known Washington gambler, familiarly known as "Puddin' Head Jones" died of a heart ailment in D. C. General Hospital Friday. His influence with sportsmen who frequented the 14th and U Street area, won for him the title of "Mayor of 14th Street."

The 54-year-old man-about-town owned a delicatessen shop as well as a private gambler's club. With membership fees collected from the latter, Puddin' Head would give big turkey dinners every Thanksgiving and Christmas for the police boys' club and other underprivileged youngsters.

He figured prominently in the controversial book called "Washington Confidential," and his activities were aired before the much-publicized Senate racket hearings in 1952. During these hearings former Chief of Police Robert J. Barrott said "Puddin' Head" had been "a good friend and very helpful to police."

Last year Jones wrote his autobiography, "The Secret," which he claimed told the inside story of crime in the District. The book received bad reviews and was considered a dud.

He was a native of Rocky Mount, N. C., where his surviving mother, three sisters and four brothers still live. He is also survived by his widow, who lives in Washington.

Tomorrow's Dairymen Will Be Using Heads More, Hands Less

The dairyman of tomorrow will be using his head more and his hands less. He will stop carrying hay, silage, bedding, and milkers to his cows; and milk and manure from them.

And how can he do this? Guy Parson, dairy specialist at N. C. State College, tells how:

HAY—Store it on the ground and let the cows eat right out of storage. Ground level hay storage sheds are gradually replacing burdensome and costly overhead storage setups. When you put the hay overhead you make yourself lift and carry each ton 2 extra times.

SILAGE—Store it on the ground and self-feed. It is being done successfully with trench and above ground bunker silos. With a tower silo, you may want to consider a mechanical unloader that empties into a self-feeding bunk or onto a mechanized belt that moves the silage to the cows. This saves you handling each ton of silage three times.

MILKERS—Let the cows bring the milk to the milkers—and when they get there, let them stand up on a platform where you can work the easiest. Yes, use a milking parlor with elevated stalls.

MILK—Let pipelines carry the milk. By the pipeline putting the milk into a bulk milk tank, instead of a dozen cans, it will save you handling each pound of milk as many as five times. Is it necessary to carry 40,000 pounds when a cow give 8,000 pounds per year?

GRAIN—When possible have it over the milking parlor in a big bin. Gravity will bring it down to each feed manger where a metering device will measure out the correct amount for each cow. This saves you handling each 100-pound bag of grain at least twice.

COWS—To take the greatest advantage of these suggestions, your cows should be free to move. They should be housed loose in a pole type loafing shed. This will save you the work in unanchoring and re-anchoring your cows once or twice each day. Since research shows that cows produce just as much milk in loafing barns as in a stanchion barn and you can expect less hock and udder injuries, dairymen should give careful consideration to this method of housing in order to obtain your greatest efficiency.

'Big Newk's' Win Skein Is Ended By The Cardinals

ST. LOUIS (ANP) — Don Newcombe, fast-balling righthander of the Cincinnati Reds, ran into trouble here last week as the St. Louis Cardinals bombarded him with 17 hits to snap his winning streak at eight straight games.

Until then, "Big Newk," who once led the National League with 26 victories, had won nine and lost three.

Golf is believed to be a descendant of the ancient Roman game of "paganica." The World Book Encyclopedia says the game was played with a bent stick and a ball stuffed with feathers.

Lincoln Adds A 10th Game To Its 1959 Football Slate

JEFFERSON CITY, Mo. — Lincoln University (Mo.) added a 10th game to its football schedule last week and at the same time handed athletic director Dwight Reed a formidable task.

The game is against Augustana College Sept. 7 at Sioux Falls, S. D. football coach, only six days in football coach, only six days in to prepare his team. Under college rules teams can't begin formal practice until Sept. 1.

The game will mark the third meeting between the two schools in the last 4 years. Lincoln won, 26-13, here in 1957 and 13-7 in Sioux Falls.

Coach Reed said the game was scheduled early in September to fit in with a Chamber of Commerce promotion in Sioux Falls. The chamber will use proceeds from the game to foot the bill for national and regional sports promotion.

Sioux Falls recently was host to the National Association of Intercollegiate Athletics track meet.

The contract calls for the teams to meet again in 1960 at Sioux Falls. However, Reed says that game will be the second weekend in September—which means he'll have a dozen days to prepare instead of the scanty six.

Georgia Racists March On Capital

ATLANTA (ANP) — While Gov. Vandiver huddled last week with a corps of lawyers and legislators to try finding ways of maintaining racial segregation in the state's public schools, more than 150 segregationists waving placards marched around the governor's mansion singing "two, four, six, eight, we don't want to integrate."

Following the session, the governor admitted no specific plans had been made to delay integration.

Federal Judge Orders 2 La. Boards To Mix

NEW ORLEANS (ANP) — The Orleans Parish School board was ordered last week by Federal Judge J. Skelly Wright to prepare by next March 1, a plan for desegregation of public schools, and to let it include a plan for a grade a year desegregation, starting at the first grade and continuing through high school.

The case was presented for the Negro plaintiffs by a woman lawyer, Mrs. Constance Motley, New York, assistant counsel, NAACP Legal Defense and Educational fund.

There were just 14 Negroes in the courtroom and five Negro lawyers—including A. P. Treadeau and A. M. Trudeau, local legal figures associated in the case—and 24 whites. One of the court attendants remarked that integration cases seemed now to be only run of the mill cases.

No real trouble is expected in integrating schools in New Orleans. Buses and street cars have already been integrated with major incident and City park large recreational center, is now being integrated with Negroes holding picnics and no incidents reported.

At Philadelphia Meet:

Lee Calhoun, Vance Robinson, NCC Track Stalwarts, Impressive Against Russians

PHILADELPHIA, Pa. — NCC track star Lee Calhoun scored impressively in the high hurdles as he fought teammate Hayes Jones to make a close second in the U.S.-Russia track meet last week in Philadelphia.

America led in the meet making and breaking all kinds of track records. The Russians suffered a 59-47 beating.

Another NCC star, Vance Robinson, a 200-meter runner for the U. S. team, joined the Americans in the 2-day competition against the Russians.

Parry O'Brien starred the whole show, setting a world record when he tossed the iron ball 53 feet, 2 1-2 inches, one half inch more than his previous record.

Next to O'Brien was Gregg Bell who won the broad jump with 26 feet, 7 inches.

Hayes Jones of Eastern Michigan won the 110 meter high hurdles in 13.6 with Calhoun coming in second.

Ray Norton won the 400-meter relay in 36.8. He also won the 100 meter with Bob Fyner making a close second.

However, the Russians won the 10,000 meters race. Bob Sath of the United States led through the middle stages of the race but was passed by Alexei Deyastchikov of Russia who finished in 31:40.6. Hubert Pyanarkivi took second place. The American men performed brilliantly but the women yielded to defeat by the Russian women. Barbara Jones of Tennessee State, winner of the 100 meters in Moscow last year, won the only first place for the American women.

In the women events, Russia led 34-18.

Threaten White Agents Who Sold Homes To Ill. Negroes

CHICAGO — (ANP) — Two white real estate agents who reportedly made their living by buying homes from whites and reselling to Negroes at huge profits have received threats on their lives. Earlier this month, another white agent was shot to death on the street.

Police reported that the two real estate dealers, Joseph Berke, salesman for the Time Real Estate Co. and Vito Theodore, received the threats over the telephone. Theodore has an unlisted number.

The day following the July 8 slaying of agent Marie Melchior, Theodore received a telephone call and was told, "You saw what happened to Marie, you're next."

The same day, Berke received a similar call.
