

Jackie Robinson Helps Highlander Folk School

MONTEAGLE, Tenn. — Jackie Robinson has signed a statement affirming the right of Highlander Folk School to exist and to carry on its adult educational program without recurrent intimidation, it was reported today by Myles Horton, director of the school.

Dr. Hugh Morgan of Nashville, one of the initiators of the statement, expressed appreciation for the nationwide support that is coming for Highlander Folk School, a Tennessee institution.

Other initiators are Mrs. Eleanor Roosevelt, Dr. Reinhold Niebuhr, Harry Golden, Dr. Martin Luther King, Jr., Mrs. Mildred McAfee Horton, Dr. Douglas Horton, Clarence Pickett, Dr. Alexander Meiklejohn, Marion Wright and Msgr. John O'Grady.

The residential adult education program for 1960 will begin on January 15th with a workshop on Social Needs and Social Resources. The school, Horton reports, has been invited to hold the workshop.

Admit A&T To Membership In Southern Association During Louisville, Kentucky Session

GREENSBORO — A&T College was last week admitted to full membership in the Southern Association of Colleges and Secondary Schools.

The announcement was made at the Thursday session of the annual meeting of the Association being held last week at Louisville, Ky. The admission of A&T marks the successful conclusion of a four-year effort on the part of the college to meet all conditions for full membership without altering any phases of its basic program.

Officials at the college had stated previously that the delay in gaining membership in the Association was due primarily to the failure to meet standards in a few areas of the college's wide offerings.

The A&T program is administered through six basic schools, including the Schools of Agriculture, Engineering, Nursing, Education and General Studies, the Technical Institute and the Graduate School. "This means," said Dr. Warmoth T. Gibbs, president, "that all conditions for admission for all schools and departments at A&T have been satisfactorily met."

He continued, "while we are happy about being admitted to full membership in the Association, we are happier about the progress and the improvements which have been made at the college. We are better prepared to do a better educational job."

If any of you lack wisdom, let him ask of God that giveth to all men liberally and upbraideth not, and it shall be given to him.—(James 1:5.)

What is the right thing to do? What shall I do or say about this? Even the wisest men will sometimes have his doubts. But Almighty God always will hear a devout, unselfish prayer for His guidance, and answer it.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be

a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.
