

Making Peace Work Takes Work.

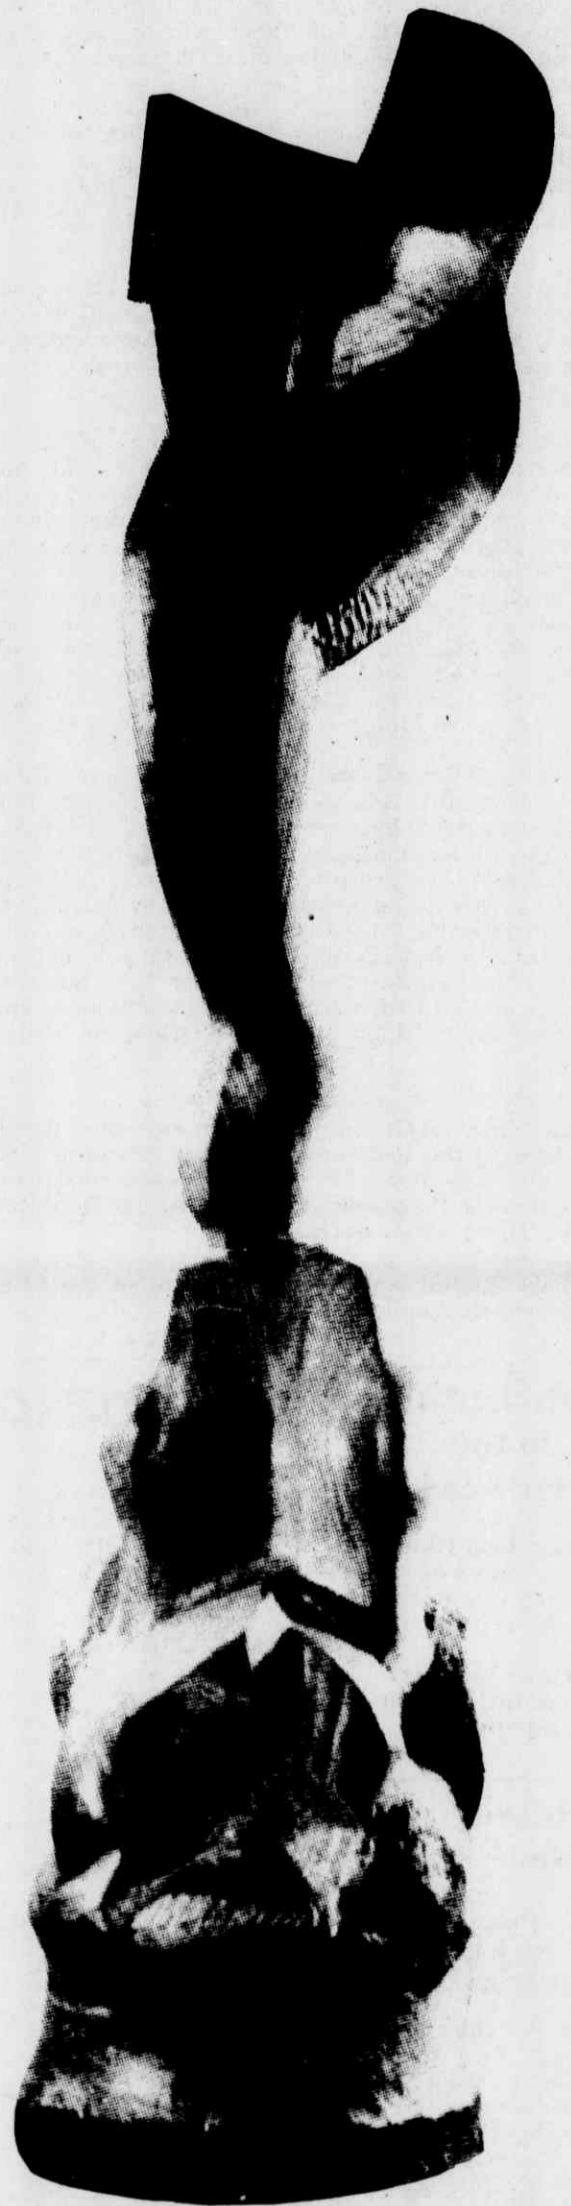

And Money.

Thousands of pioneer families are being asked to pull up roots and start all over. In new settlements in the Negev being established with the participation of the Jewish Agency. Where their strengths will reinforce the fabric of the nation of Israel.

It takes work. It takes money. They'll do the work. You do your part.

Pledge today to the 1980 campaign.

NOW.
MORE THAN EVER.
