Remember the Way Camp Used to Be

By Scott Snyder, Program Director

Remember the way camp used to be?
 When you discovered your new best friend lived right around the corner.
 When your group built a secret campsite and had a secret group password.
 When you hit your first baseball and sank that first basket.
 When your counselor hugged you and said your project was great.
 When your group collected the most firewood for an overnight.
 When your heart skipped a beat as you and the rest of your group performed a Shabbat song.
 When your birthday was during camp and the whole group sang "Happy Birthday."
 When you went hiking in the woods and saw animal tracks.
 When your counselor put his arm around you and said, "Don't worry, we'll win the next one."
 When you finally were able to swim the length of the pool.
 When you chose your favorite activity for Camper Selection Period.
 When you played soccer, basketball, kickball and starred in Shabbat play.
 When you tearfully hugged your counselor and said "I love you, see you next year."

These memories and many more are waiting for you this summer at one of the Jewish Community Center's Summer Camp Programs. Whether it is Katan, Maccabee, our new and totally revamped Sports

Camp, Camp Creative, Computer Camp in our new Family Computer Center, or our always exciting Teen Travel Camp, you can make it happen for your child at the JCC this summer.

Shortly, you'll be receiving the J's Summer Camp Brochure. In it is all the information about these great programs. The best is yet to come, create those special times for your children. For more information, contact Scott Snyder at 366-5007.
