## Maimonides Society Established For Charlotte

Dr. David S. Citron, Chairman of the Physicians and Dentists Division of the Jewish Federation of Greater Charlotte, announced the establishment of a Maimonides Society.

Centuries ago, the eminent Jewish scholar and physician, Maimonides, authored a special prayer for fellow physicians. It has come to epitomize the essence of what a health care professional strives for in his or her daily work. Those who take the oath commit themselves to the highest ideals of the health care profession.

Dr. Citron said, "We have established the Maimonides Society here in Charlotte to honor Maimonides' memory and to recognize the special leadership of Charlotte's Jewish physicians and dentists in health, scholarship, education and philanthropy." Citron

continued, "For many years, Jewish physicians and dentists have been among the leaders of the Charlotte Jewish community, giving freely of their time and dollars to support quality Jewish life. Several physicians and dentists have undertaken leadership roles of the Federation's annual campaigns in the past and continue to give their time and efforts in these capacities.

"While we are all very excited about the development of this affinity group, the original concept dates back some 20 years, to 1976, when a Maimonides Society event was convened at Raintree Country Club under the leadership of Dr. Robert Yudell. Dr. Philip Naumoff, the first Jewish physician in Charlotte, was also one of the prime movers in the formation of the Society."

The newly organized Maimonides Society's inaugural event was held on Tuesday, February 27 at the Park Hotel. The guest speaker was the eminent Prof. Velvl Greene whose presentations on secular and Jewish medical ethics have earned him world acclaim.
