April's workshop will create a forum for parents to share with each other common parenting experiences, as well as, some of the common struggles.

Sundays at the "J" A World of Community Helpers

On Sunday, February 22, the Family Enrichment Subcommittee of the Early Childhood Department hosted their 2nd program from the Sunday's at the "J" series. With over 150 participants, the event was a huge success! The Police Department participated by providing a K-9 dog named "Bosco," a police robot, as well as, the McGruff "Take a Bite out of crime" dog and the SWAT team brought masks and vests for the children to see and try on. The Fire Department had children practice 911 phone calls on a voice simulator and every child received a free Kidcare ID. Children enjoyed a tour in the ambulance, the fire truck and the

police car that were parked outside. Every child left that day with a great feeling about their community helpers and a wealth of new information.
