## The J-Team Kids' of the Month

Sarah Robins is nine years old and is currently in the 4th grade. She has been coming to the J-Team after-school program for the past two years. In her free time, Sarah loves to read. She has two dogs. Their names are Sally and Jesse. (Although she sometimes thinks her brother is one too!) When asked what Sarah likes the most about the J-Team, she said it is the great counselors. Her favorite activity in after-school is gym. Sarah also told us that even though her favorite sport is soccer, she really enjoys watching tennis. Sarah was asked if she had one super power, what would it be and why, she replied "Fire Blast, so I could warm up when it is too cold outside". The best memory of after-school Sarah has is playing with the counselors each and every day! Thanks for the kind words Sarah, we are glad that you are here too!

Bert McLeod is nine years old and is currently in the 4th grade. He has been coming to the J-Team for the past four years. In his free time, Bert enjoys nothing more than to just sit in his room and watch the paint. He has two pets, a dog named Kaspar and a parakeet named Eddie (or is it the other way around?) Bert's loves Technology Tuesday, because he gets the chance to surf the Internet and go to Cartoon Network or Zoo Disney! His favorite activity is War Ball, simply because he has the chance to 'Hit Mitch in the head with a ball!' Bert's favorite sport to play is football, but he loves to watch basketball. When asked if he could have one super power, what would it be and why, Bert replied, "To stop time for everyone but me, so I could just walk around and everyone else was frozen!" His best memory of after-school is "the intense game of Capture the Flag they played last year." Something you might not know about Bert that he was willing to share was that his favorite food is Taco Bell. Mucho Grande, Bert! ■
