The Best Day Ever at CJP...

Children at CJP did not have to wait until midnight to celebrate the arrival of 2016 we celebrated with our favorite tradition ... Noon Year's Eve. We added a new component this year, a time capsule which we will be opened in January 2017. Each class made a treasure to add to the time capsule for example: when I get bigger, silly class photos, and New Year's "regulations" (really resolutions.) Just before noon on December 31, we gathered all the children in the preschool atrium. The children wore their glittery hats and the classrooms projects were presented and added to the time capsule. Then the big moment arrived, the countdown to Noon Year's Eve ... ten, nine, eight, seven, six, five, four, three, two, HAPPY NEW YEAR! The ball dropped and the confetti went fly-

ing. The celebration of 2016 continued with our traditional pizza lunch and then a nap. The children experienced the joy of starting 2016 just a little bit early, but who can stay up to midnight anyway? ☆
