## OUT IN THE STARS . CHARLENE LICHTENSTEIN

The Sun wends its way from diabolical Scorpio into optimistic Sagittarius. Did I say optimistic? No sooner does the Sun shine in Sag than it collides with volcanic Pluto. Dreams and hopes either explode into reality or just explode. Read ahead to see if you eat the turkey or the turkey eats you. Hey, either way, cousin!

### SAGITTARIUS • NOV. 23 - DEC. 22

The jolly Sun in your own proud sign encourages gay Archers to get Out there and make a name for themselves. However the Pluto/Sun conjunction could give you the name "Schmuck."

### CAPRICORN • DEC. 23 - JAN. 20

Avoid rushing into new things or exacting change just for the sake of change. If you decide to toss a birthday party extravaganza, I advise wearing clean underwear and washing your neck.

### AQUARIUS • JAN. 21 - FEB. 19

Sun in optimistic Sag conjunct Pluto catapults you Out of your dank closet, ready or not. The volcanic change may make you feel a little wobbly at first, but you'll soon regain your sea legs and set sail in the vast ocean of opportunity. Perhaps it's time to get involved with a great gay charity or community cause. Pile up those good karma points in time for the new year.

### PISCES • FEB. 20 - MARCH 20

Queerians find comfort and conviviality among good pals and affirming social groups. The Sun in friendly Sag makes your personal goals in sync with the group dynamic. But Pluto conjuncts the Sun now and can set you off in social circles that become engulfing whirlpools. Maybe it's time to reassess your position; Sag energy is liberating. Is it time to strike a new pose? Prone??

### ARIES • MARCH 21 - APRIL 20

Sun in frank Sag gives you a loud, proud opportunity to demand your due professional rewards. But weigh your words carefully before you bleat, Guppie. It would be a shame to get noticed by the big bosses for being a carp rather than a rainbow trout. Pluto shakes up the landscape. Who knows; you could wind up on top of the heap. Let's hope it's not the scrap heap...

### TAURUS • APRIL 21 - MAY 21

Proud Rams can take on the world when the brilliant Sun escapes into jolly Sag. But be careful not to bite off more than you can chew, tempting though it may be. Pluto conjuncts the Sun and turns cherry bombs into nuclear explosions. It's fine to want to change the global landscape but avoid a scorched earth policy. Detonate cherries in the comfort of your own home.

### SCORPIO • OCT. 24 - NOV. 22

Think your finances are under control? Think again, queer Scorp! Sun in Sag conjunct Pluto acts like a lunatic spendthrift wreaking jolly havoc with even the best laid balance sheet. Of course Sag plays hard and wins hard most of the time (and most of us like it like that). Don't risk more than you can comfortably afford to lose but also keep in mind that life is too short to skimp.

ceived choice into the date from hell. Try instead to take the slow and cautious route, at least initially; Most of us prefer a slow and steady hand anyway.

### GEMINI • MAY 22 - JUNE 21

Life centers around relationships. Queer Twins ache for a special mate and optimistic Sun in Sag enables you to connect with someone special. Remember though that as Pluto conjuncts with the Sun, passion may overshadow good gay sense. Don't allow the naivete of generous Sagittarius to lead you down a primrose path. All give and no take makes friendly Gemini a schmiel.

### CANCER • JUNE 22 - JULY 23

Work goes much easier when the Sun bursts into energetic Sag. Even onerous tasks go more smoothly. But be careful of climbing on that organizational treadmill, unprepared, pink Crab; Pluto conjunct the Sun accelerates the speed from a jaunt to a dash. Also avoid overdoing it in the exercise department. You could overwork the wrong body part and who needs a slim jim?

### LEO • JULY 24 - AUGUST 23

Sun in jolly Sag encourages proud Lions to tap into their gay muse or hop on the train to Party Central. Hop on carefully, pal; powerful Pluto conjunct the Sun can toss you out at the next station. It would be a shame to trudge back home with your tail between your legs. However, if you approach fun things in life with a moderate outlook, who knows where your tail will wind up?

### VIAGO • AUGUST 24 - SEPT. 23

Chatty gay Libras find that their words have uncontrollable power and frankness when Sun enters Sagittarius and conjuncts Pluto. Sag energy is so unbridled you'll find that while you get your point across, it will be more like hitting someone with an anvil rather than your usual diplomatic feather duster. Heck, sometimes you have to shout it Out to get heard. (Avoid the extra Sag gas...)

### LIBRA • SEPT. 24 - OCT. 23

Think your finances are under control? Think again, queer Scorp! Sun in Sag conjunct Pluto acts like a lunatic spendthrift wreaking jolly havoc with even the best laid balance sheet. Of course Sag plays hard and wins hard most of the time (and most of us like it like that). Don't risk more than you can comfortably afford to lose but also keep in mind that life is too short to skimp.
